TEKA | GROUP

*Thousands of solutions.
Millions of moments.*

Teka Group comprehends different worldwide leading brands, such as Teka, Küppersbusch, Intra or Thor. The group, with more than 140 years of history, has become an international example of household appliances manufacturing. As of today, Teka owns 15 factories and 4.000 workers around the world, with presence in more than 120 countries in five continents.

SCANDINAVIAN DESIGN

THOR

Cook your **way to life**

The kitchen is the heart of your home. In Teka, we design appliances to be the soul of your kitchen. Because it is here where life happens, where some of the best moments of our lives take place.

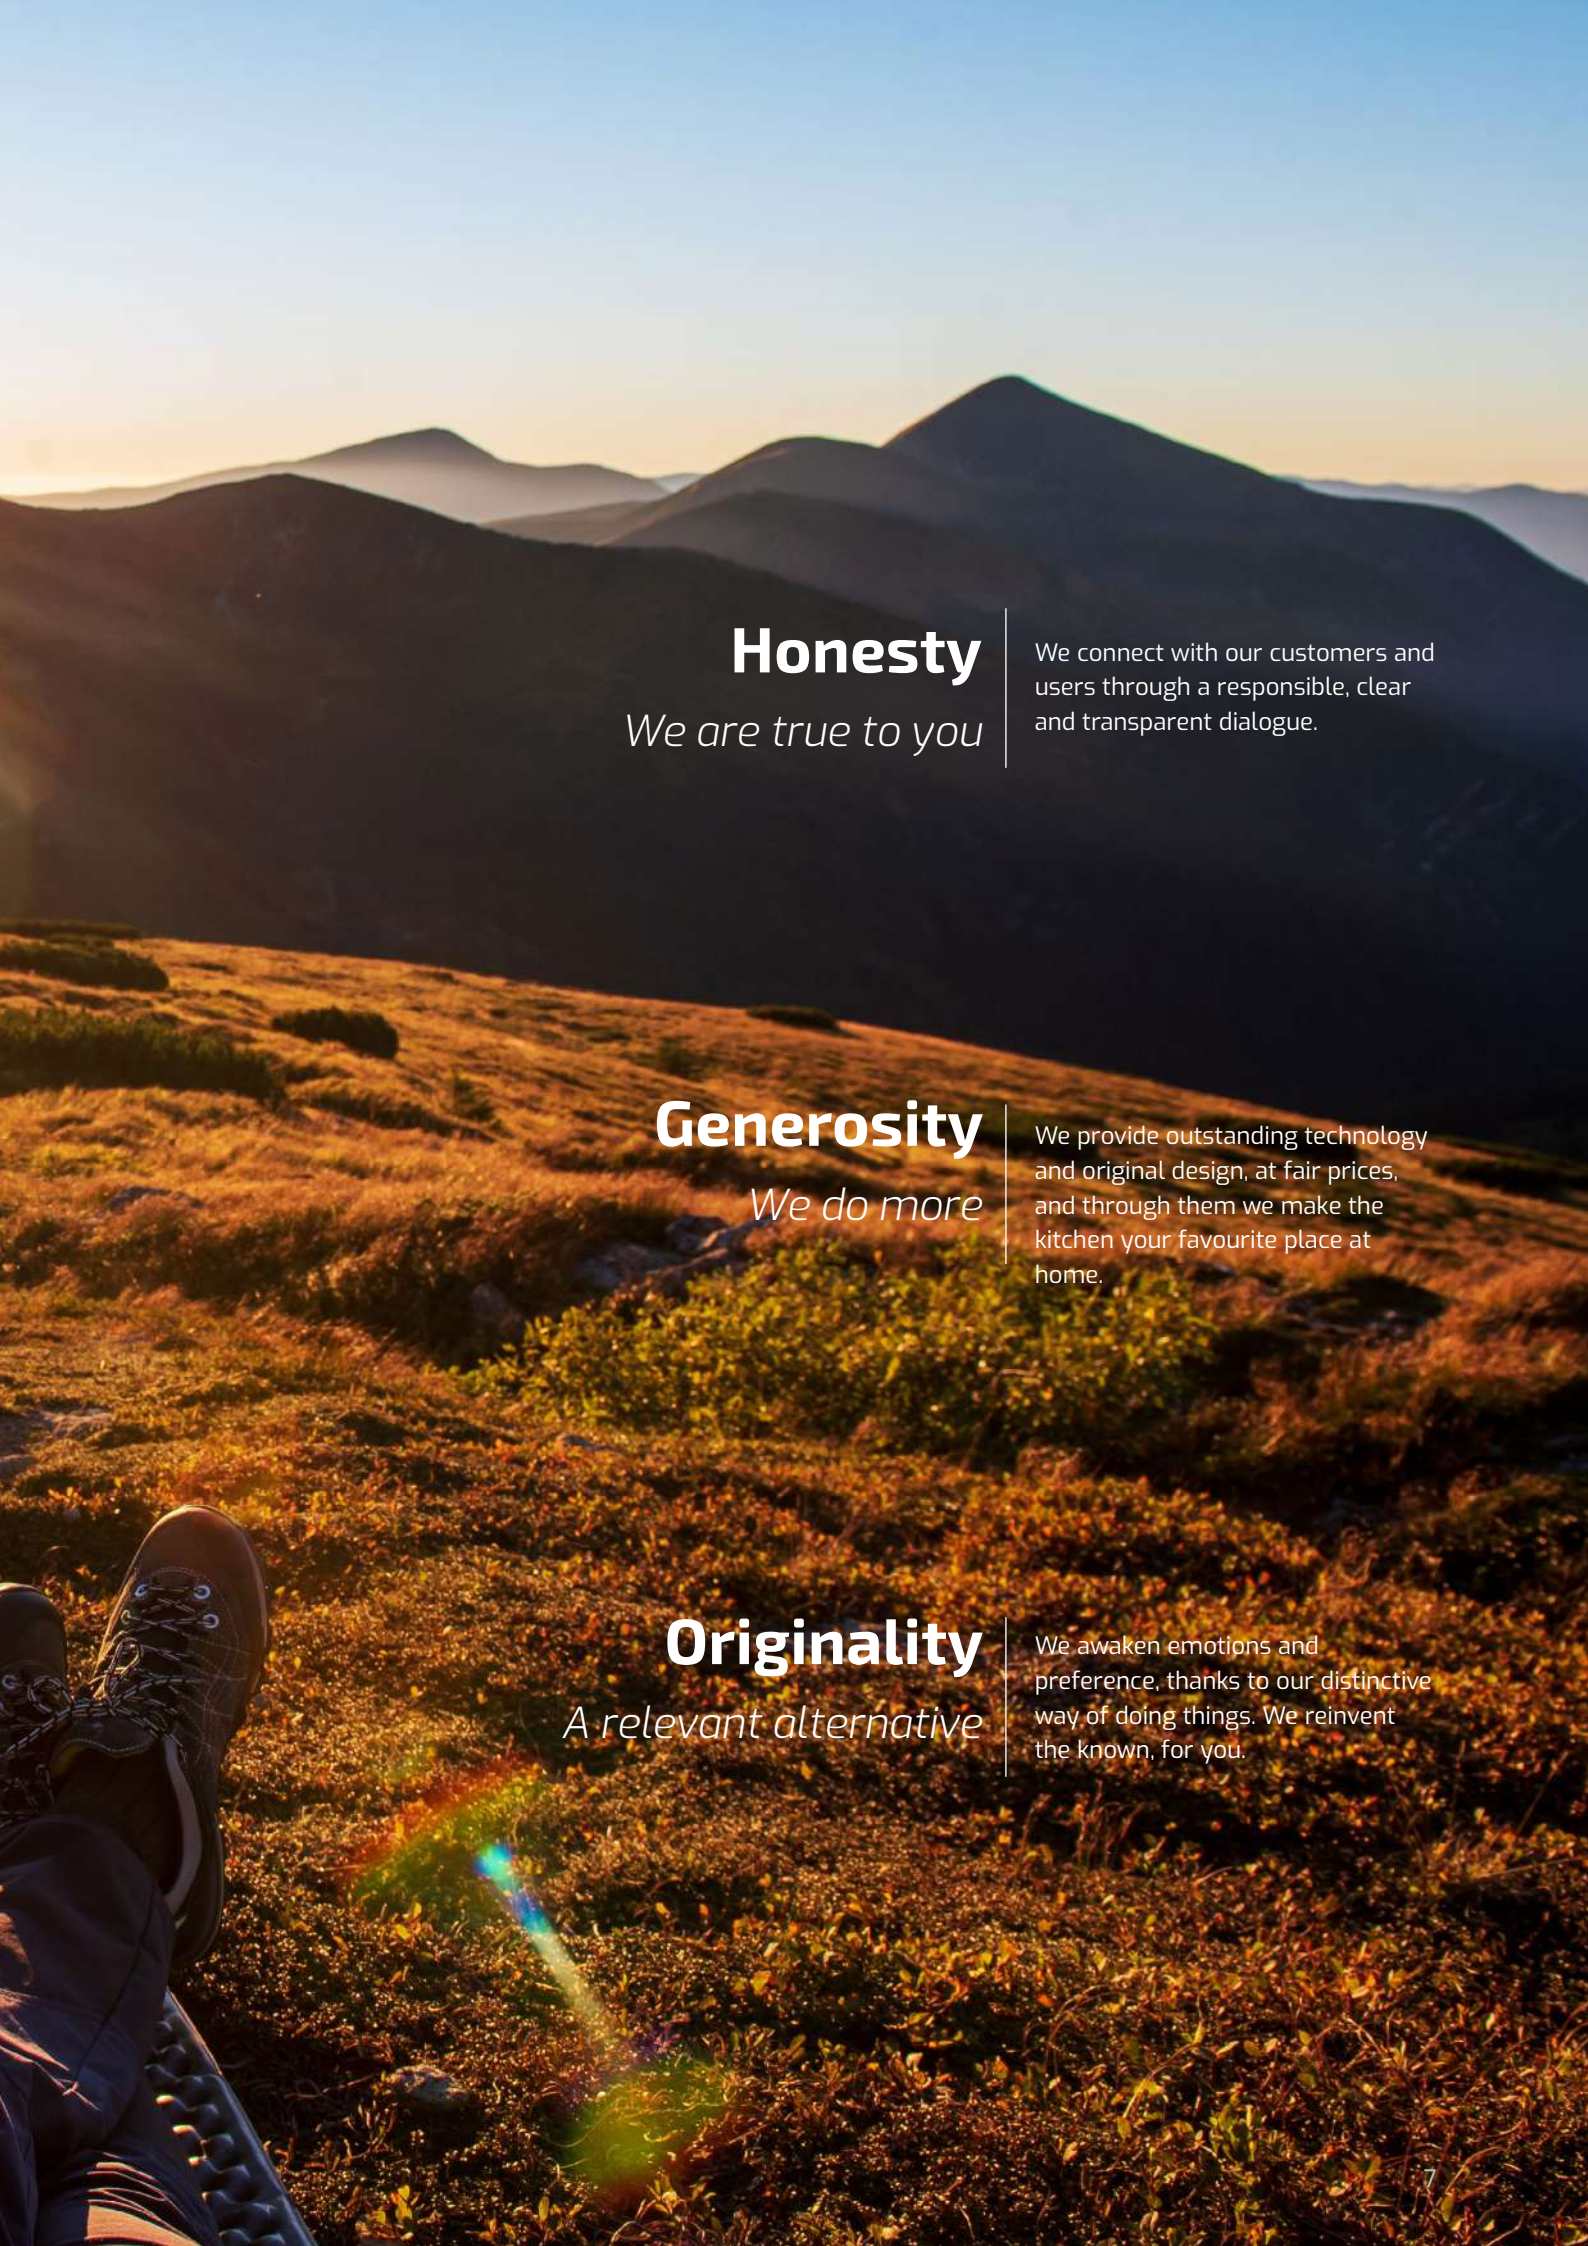

The kitchen is more for us than just a place where meals are made. It is a place to laugh, to dream, to contribute, to talk, to make decisions, to share news, to make life plans and, in the end, a place to live unforgettable moments. For all these reasons, we design and manufacture appliances to bring solutions and real innovation to the kitchen, solutions that fit your lifestyle and are in harmony with your home. Every day we work to better understand your needs and bring new solutions to help you out by finding new possibilities in the kitchen. Our trademark, born in Germany, relies on quality, technology and innovation. Teka products are known worldwide for their reliability, efficiency and precision. Today, after almost 100 years of history, Teka keeps working exhaustively to give all of its products the best functionalities and design to reach excellence in every step. Our values, deeply rooted in our company, are clear: Honesty, Generosity and Originality.

This means we work for you and we are always by your side, helping you to solve your everyday problems with world class quality solutions. Customer satisfaction is our main concern. We have strived from our very beginning towards best quality products, the most modern and original designs, and the best innovations at a fair price.

A scenic landscape at sunset. The sun is low on the horizon, casting a warm, golden glow over the scene. The sun's rays are visible, creating a lens flare effect. In the foreground, a person is sitting on a blue, textured mat, with their legs and feet visible. The ground is covered in low-lying vegetation and rocks. In the background, there are rolling hills and mountains under a clear sky.

Inspiring **meaningful moments**

Honesty

We are true to you

We connect with our customers and users through a responsible, clear and transparent dialogue.

Generosity

We do more

We provide outstanding technology and original design, at fair prices, and through them we make the kitchen your favourite place at home.

Originality

A relevant alternative

We awaken emotions and preference, thanks to our distinctive way of doing things. We reinvent the known, for you.

Made for your
lifestyle

We work to make your life easier, and to design products to be the perfect complement for your kitchen.

As we truly believe that the kitchen is the heart of our homes and our lives, we create products to be in harmony with your lifestyle. To help you choose the products that better suit you, we have created three different lifestyle product categories, to facilitate the search and comparison of products, and so that you can find the one that is right for you.

MAESTRO

The **MAESTRO** range products are designed for the most demanding ones. For those in love with the kitchen, who want the latest innovations, and who enjoy high-quality cuisine at home. With this range, you will get the most out of your gastronomic skills, and you will have at your disposal the best options for your appliances.

TOTAL

The **TOTAL** range is made for those who love to cook and do not want to give up having the best options at their fingertips.

An option designed for those who want the best results with the minimum consumption.

EASY

The **EASY** range is designed for those looking for convenient, functional appliances, with good performance and at a fair price. Simple but smart solutions affordable for everyone.

Enter the **Infinity Design**

Infinity is the way we understand design and how we apply it to our product range.

In Teka we integrate our Infinity Design concepts at every step along the way to create our range of products and kitchen solutions.

Infinity Design was born based on one core idea: "everybody deserves great design." Teka takes the concept to reality and turns everyday actions in the kitchen into unique experiences.

Teka Infinity design is based on the following principles:

DARING TO BE UNIQUE

As we dare to be different and set ourselves
apart from the mainstream.

INTUITIVE WITH SIMPLICITY

Easy-to-use and intuitive displays are a must
for our kitchen articles, where plainness and
handiness work together with style. This is Teka
INFINITY DESIGN.

MINIMALISM WITH PERFORMANCE

We use pure, clean shapes and lines to show off
the best of our products.

STYLISH WITH ATTITUDE

The use of outstanding accent colours, new
materials and high-quality finishing reveals the
attitude behind our products.

Pure lines and essential forms

SteakMaster oven

WELCOME MEAT LOVERS

S T E A K  M A S T E R

The first and only oven capable of cooking a perfect steak at home is here.

High temperatures that reach up to 700°C, along with the cast iron grid will give your meat cuts a unique grill flavour in just a few minutes.

Choose to cook manually to manage every step and how you would like your steak cooked, or simply select one of its 20 automatic programs: SteakMaster is designed to temper the meat, keep it juicy, and seal the cut, recreating the heat process of a professional grill.

Additionally, the SteakMaster is a pyrolytic multifunction oven capable of cooking all the recipes you want.

Temperature

Grill that reaches up to 700°C for a perfect finish.

Automatic Programs

20 automatic programs, special for each meat cut.

Cast Iron Grid

The perfect grill for meat at its best.

Pyrolytic Oven

Hygiene with the power of heat.

WORLDWIDE **NOVELTY**

MaestroPizza oven

BECOME A PIZZA LEGEND

The perfect oven to cook an authentic Neapolitan pizza at home has arrived, and it reaches up to 340°C in the cavity for an epic result.

The combination of high temperature and cooking speed, along with the pizza stone, results on a crunchy crust and savouring ingredients. With MaestroPizza you'll be able to prepare 10 pizzas in only 30 minutes, getting always the same result: perfect.

Besides, MaestroPizza is a last generation multifunction oven, with dual cleaning system: Pyrolysis and HydroClean.

Temperature

The perfect temperature to cook pizza with epic results.

Pizza Stone

For a crunchy finish, as in a wood oven.

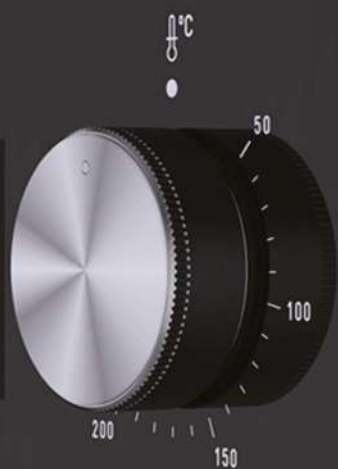

Speed

Your pizza ready in only 3 minutes.

Pizza Peel

Everything you need to cook like a real chef.

This multifunction oven's special AirFry function gets an oil-free crunchy finish, offering pleasure without guilt.

The AirFry function, along with the oven's FryMaster Box and its SurroundTemp technology, which distributes the heat evenly through the cavity, will give you the crunchy finish that you love, without the need to turn the food over, or using oil.

All of this in a multifunction oven, capable of preparing any recipes you want, with a 70 net litres capacity, more than +30% compared to other ovens*.

AirFry function

Special AirFry function for oil-free crunchy finish.

FryMaster Box

Die cut tray that allows an even heat circulation, without turning over the food.

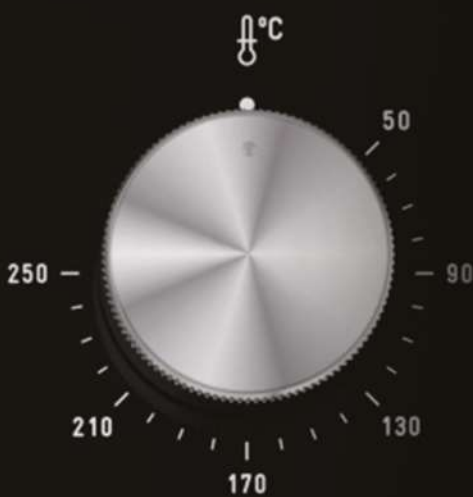

Surroundtemp

An additional rear electrical resistance distributes the heat evenly through the cavity.

Oil-free

Ideal for French fries, nuggets and chicken wings.

Safety first

In Teka we know that, even with the comfort and convenience that our products bring into your life, safety comes first for you and your family.

For us, safety is non-negotiable as well, and we provide with several options to take care of you and your loved ones.

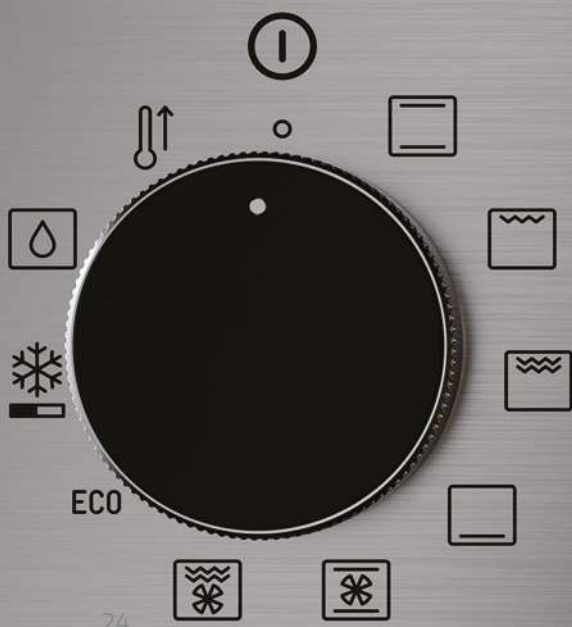

Door lock

Block the door for as long as you need, for maximum safety. This safety system is available in all pyrolytic ovens.

Child lock

Block the control panel to keep the oven functioning on check.

SoftClose

Say goodbye to annoying noises thanks to the soft open and close door of the oven. An extra of durability and security (your fingers will be happy about it too).

Cool front

We go beyond regulation with the minimal door temperature thanks to up to 4 removable glasses on door.

Microwaves

The kitchen is where family memories are homemade

WORLDWIDE **NOVELTY**

Infinity | G1 Edition

THE BEST LOOKING CONVENIENCE

The microwave, reinvented.

Convenience and fast cooking solutions will be only part of the advantages of our new Infinity | G1 Edition Microwave Oven, which will fulfill all of these cooking needs, in such a stylish way, rarely seen in a microwave oven.

Black matt finishing

For an exclusive look. Soft touch and attractive design.

Convenient solution

Your quick cooking needs, solved in the most elegant and convenient way possible.

Discover the complete edition

Get the most out of your Infinity | G1 Edition Microwave Oven, by matching it with the rest of the products of the edition.

DISCOVER

Cooking meals to share **was never so fast and easy**

Ceramic base

Don't get another hot-but-cold dish thanks to our homogeneous heat system. Waves distribution comes from the lower ceramic base with no need to use turntable plates.

Our microwaves have wide cooking surfaces to use bigger plates, and a completely flat cavity, easier to clean and to reach any part of it where food stains may remain. Great efficiency comes included too.

Crunch plate

You can do a potato omelette without turning it upside down. Cook a quiche or even do some crunchy French fries. You can even have crispy pizzas thanks to the plate, reaching very high temperatures to turn the borders golden brown and crusty.

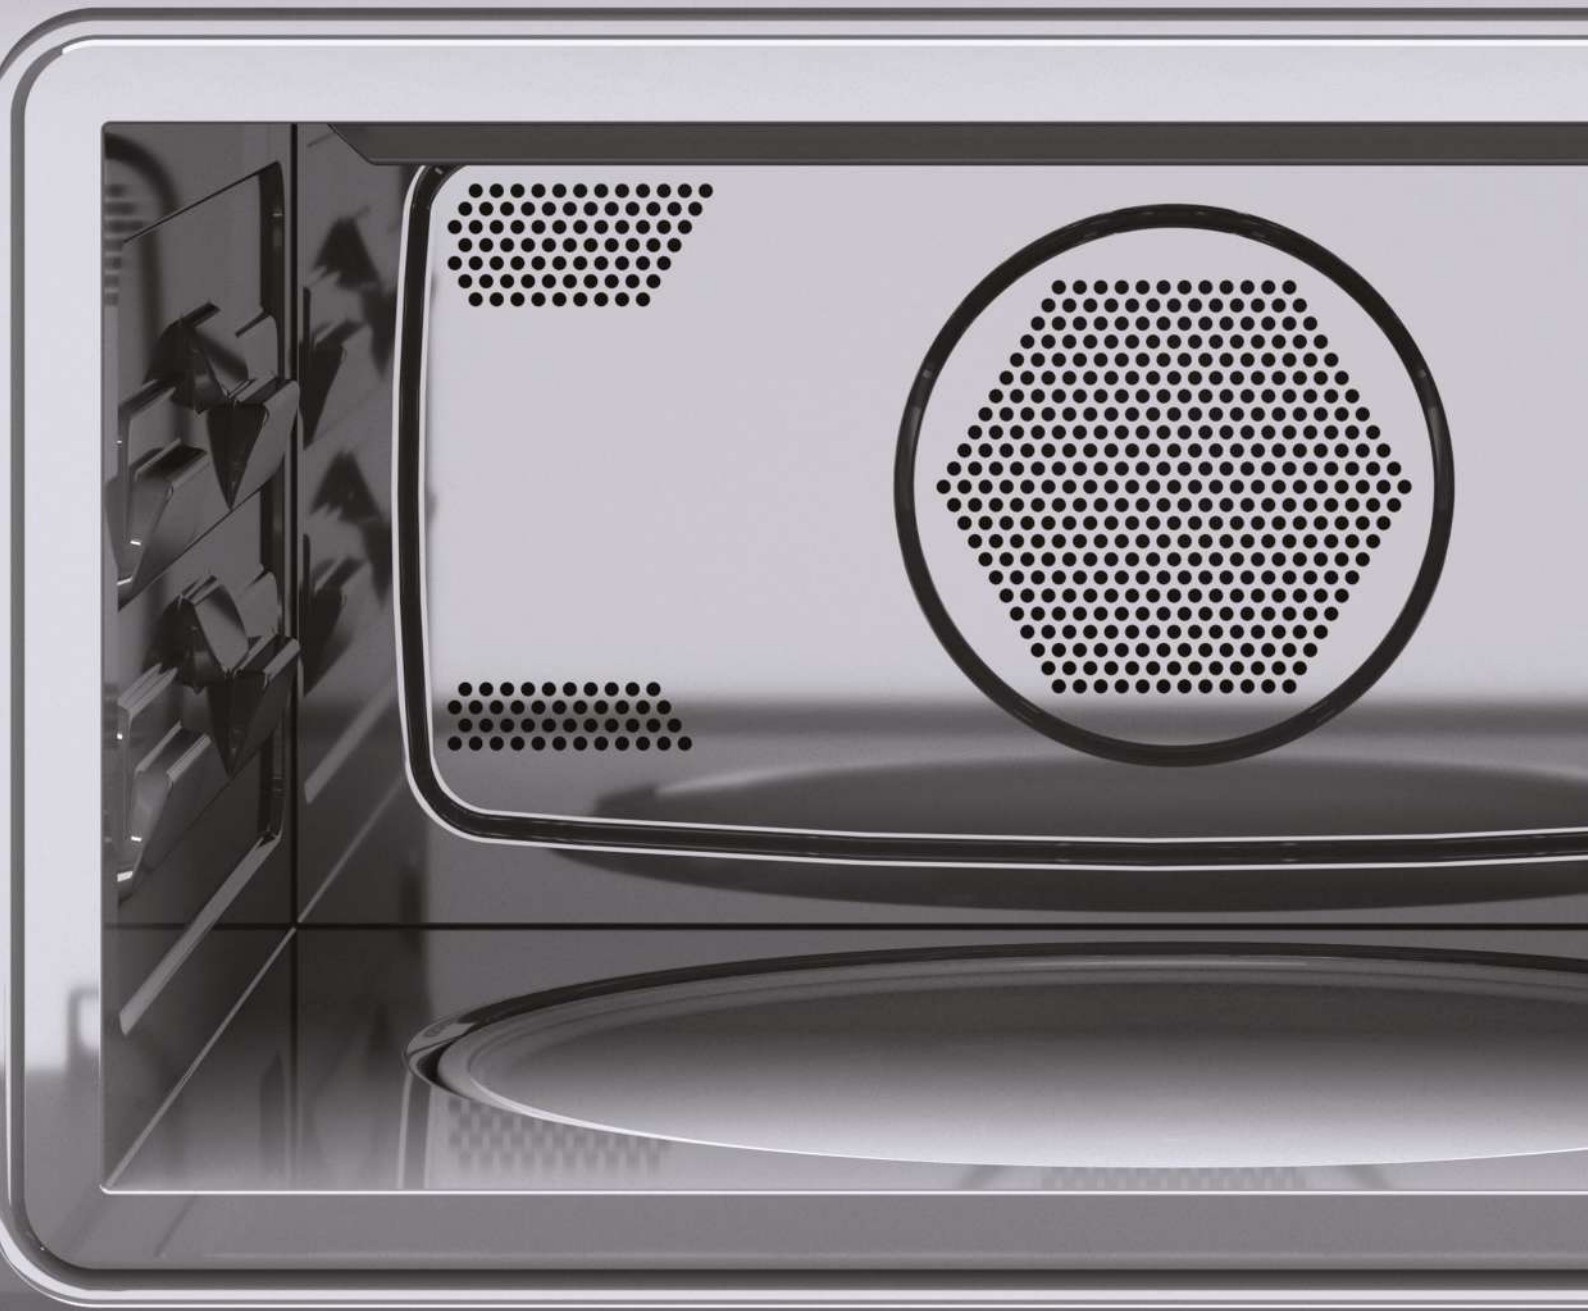

Memory

With our microwaves you can select different power memories and heating times so you can repeat your favourite recipes as many times as you wish.

Easy installation

Frontal trim kit is included in the microwave for an easy installation. The frame is already fixed to the microwave oven instead of the cabinet, so the assembly process is faster, and we can get our new microwave ready in just 5 minutes and using only 4 screws.

Microwaves

Cooking is believing.

Delicious coffee, now faster and **more flavouring** **than ever**

Share unique moments around a cup of exquisite espresso or cappuccino. Our automatic coffee machine adds an exclusive touch of personality and refinement, while amplifying the aromas and flavours of your favourite blends. Choose among built-in capsule coffee machines or with coffee grinder. Because great conversations start with delicious coffee.

Coffee Machine

COFFEE MACHINE

YOUR COFFEE EXPERT, ALWAYS ON HAND

Enjoy the best coffee, whenever you want! The new **WISH** coffee makers will surprise you with the high degree of satisfaction they provide.

COFFEE, STEAM OR JUST HOT WATER?

Featuring an easy and intuitive control panel with easy access to 3 great functions: coffee, steam and hot water.

NOW ALSO FOR COFFEE CAPSULES

You can use different brands of coffee capsules directly in the Teka coffee maker. And if you prefer a cup of tea, that too!

MAESTRO

Domestic appliances for those who like going one step further. For those who will not settle for being like the rest.

TOTAL

Designed for those who demand everything of their appliances, for everyone in the house. Maximum effectiveness in any situation.

EASY

For those who prefer no complications in the kitchen without denying themselves an appliance that gives so much while asking for so little in return.

Free Standing Cookers

Turning great cooking experiences
into memorables moments

FS COOKER

SCAN AND
DISCOVER

FS COOKER

Ref. 40297055

MAESTRO FS3FF L90GG S/S

- Free Standing Cooker 90cm
- Gas hob/ Multifunction gas oven
- Color: Inox
- Auto ignition
- Autolock safety device
- Drawer
- Nozzels to natural gas

Hob Features:

- Stainless steel surface
- Cast irons
- 5 Gas Burners:
 - 1 Triple ring: 4 kW, 2 Semi-Rapid: 1,75 kW
 - 1 Auxiliary burner: 1 kW, 1 Rapid: 3 kW
- Steel upstand

Oven Features:

- Multifunction strip with safety thermostat
- Gas grill
- Close door grilling
- 4 Cooking functions, Oven light
- Touch control programmer with start/stop
- 1 telescopic guide
- Chromed supports
- 5 cooking levels
- Full glass inner door
- Double glazed door
- 2 Deep tray
- Chromed grid
- Inner grid
- Gross capacity: 142 liters

PRODUCT DIMENSIONS

Height 875-920mm Width 895mm Depth 600mm

Ref. 40297953

EASY FS 901 5GE SS LPG

- Free Standing Cooker 90cm
- Gas hob/ Multifunction electric oven
- Color: Inox
- Metallic painted knob
- Auto ignition, Autolock safety device
- Adjustable feet With G plug
- Drawer, Nozzels to natural gas
- Telescopic legs

Hob Features:

- Stainless steel surface
- Cast irons
- 5 Gas Burners:
 - 1 Triple ring: 3,5 kW, 2 Semi-Rapid: 1,7 kW
 - 1 Auxiliary burner: 0,95 kW, 1 Rapid: 2,9 kW
- Sabaf burners

Oven Features:

- Multifunction Oven
- Net/Gross capacity: 100/119l
- 7 Cooking functions
- Turbo fan, Close door grilling
- Digital timer with start/stop
- 1 telescopic guide
- Chromed supports
- Catalitic side panels
- 4 cooking levels
- Full glass, double glazed door, Deep tray
- Chromed grid, Turnspit, Cooling fan, Light
- Energy class: A

EASY FS 902 5GG SS LPG

- Free Standing Cooker 90cm
- Gas hob/ Gas oven
- Color: Inox,
- Metallic painted knob
- Handle in Stainless steel
- Auto ignition
- Autolock safety device
- Telescopic legs
- With G plug
- Flap tape
- Nozzels to natural gas

Hob Features:

- Stainless steel surface
- Cast irons
- 5 Gas Burners:
 - 1 Triple ring: 3,5 kW, 2 Semi-Rapid: 1,7 kW
 - 1 Auxiliary burner: 0,95 kW, 1 Rapid: 2,9 kW
- Glass lid
- Sabaf burbers

Oven Features:

- Gas oven, Close door grilling
- Net/Gross capacity: 106/119l
- 3 Cooking functions, Mechanical timer
- 1 telescopic guide, Chromed supports
- 4 cooking levels, Catalytic side panels
- Full glass, double glazed door
- Deep tray, Chromed grid
- Turnspit
- Light

- Free Standing Cooker 90cm
- Vitroc ceramic hob/ Multifunction electric oven
- Color: Inox
- Metallic painted knob
- Handle in Stainless steel
- Telescopic legs
- Lid flape
- Kado box with cable

Hob Features:

- Vitroc ceramic
- Hob surface in stainless steel
- 5 heating elements:
 - 2xØ180 1800W, 2xØ140 1200W
 - 1xØ140-250 1800W

Oven Features:

- Multifunction electric oven
- Closed door grilling
- Net/Gross capacity: 100/119l
- 8 cooking functions
- Turbo fan, Close door grilling
- Digital timer with start stop
- 1 telescopic guide
- Chromed supports
- 4 cooking levels
- Catalitic side panels
- Full glass inner door with 2 glazed removable
- Deep tray, Cooking grid, Turnspit
- Cooling fan, Light
- Energy class: B

Hoods

Welcome the fresh air into your kitchen

HOODS

WORLDWIDE **NOVELTY**

Infinity | G1 Edition

ELEGANCE AND PERFORMANCE AT ITS BEST

Our new Infinity | G1 Edition Vertical Hood is so good looking, that it will simply blend into your kitchen like a piece of decoration.

With powerful extraction and discreet, yet functional illumination, our Infinity | G1 Edition Hood will prove its worth and capability to turn performance and fresh air into an easily achievable goal, while maintain harmony in your kitchen look and layout.

Unique finishing

Its black matt and velvet finishing, make it unique and special, ready to complement any kitchen, adding a touch of fine taste.

Efficiency and performance

A+ energy efficiency class, with up to 800 m³/h max speed exhaust capacity.

Convenience and flexibility

Up to four optional recirculation types of possible installation.

Discover the complete edition

Get the most out of your Infinity | G1 Edition Vertical Hood, by matching them with the rest of the products of the edition.

HOODS

SCAN AND
DISCOVER

Meet the new Ceiling hood

DISCRETION AND HIGH
PERFORMANCE AT ITS BEST.

Our ceiling hood is as discreet as it gets. Discover all the possibilities with its FreshAir Function, which will always keep your kitchen fresh and odour-free with automatic extraction cycles that you can program.

Moreover, control its light intensity and colour temperature to create an even nicer atmosphere, while keeping low noise and high efficiency. All of this and more in a hood equipped to be easily installed, so that you will have no worries

EXTERNAL EXTRACTION OR
RECIRCULATION,
THE CHOICE IS YOURS

Depending on your needs and home design, you will have the option to install your ceiling hood with recirculation system, which will aspire the odours and bring fresh air back into your kitchen, or with direct external extraction, which will take the odours out of your home.

Hoods

Kitchen goes way beyond just preparing food.

Cold Line

Meals and memories are kept inside

Freshness and convenience in complete harmony

IonClean technology

IonClean technology creates negative ions that neutralise bacteria and bad smell particles. Air inside the fridge will be superb this way and always fresh and free of odours.

TempGuard

Our TempGuard system controls and keeps the temperature thanks to sensors located inside. Any change is automatically fixed. Your fridge always at the real temperature your food needs.

MultiZone compartment: From freezer to fridge in just one touch

Room enough to keep food cold or even freeze it, thanks to the compartment with adjustable temperature: from cold to frozen. You can set the temperature you want to from -18°C to 7°C and have a complete control of your food and appliance. At your service.

LongLife No Frost

Keep your food perfect: goal achieved. LongLife No Frost technology keeps every compartment at the perfect moisture level thanks to the three independent cooling circuits. Your food remains fresh for longer.

FlexiRack

With the flexirack system, just pressing a side button, you can adjust the height of the door shelf anytime you need it.

FlexZone- flexible drawer

Precision is to keep food at perfect temperature. Your food remains fresh for longer at the perfect temperature. The latest technology of the Flexible Zone that helps you to adjust the temperature level depending on the kind of food or drinks you are storing. Welcome to wellness.

VitaCare Box

From farm to table VitaCareBox drawer has a personalised moisture control to keep your fruit and vegetables always fresh, preserving all their vitamins and nutrients for longer.

Bar on Door

Take drinks without opening the door with just one touch. Easy access to a special compartment for drinks avoiding opening the whole refrigerator. The BarOnDoor goes beyond an intelligent design, its simplicity at its best.

10 years Warranty Inverter Motor

Silence, durability and efficiency.

Feel the peace at home. Less consumption and more silence with the long-lasting inverter compressor. We take care of stillness and quietness at your home, while saving you money. Our refrigerators and freezers ranges are designed based on efficiency. Save more with the most advanced technology.

Dishwashers

Caring for your loved ones
through pure hygiene

WORLDWIDE **NOVELTY**

New Dishwashers Series

SmartSensor

This innovative system identifies through sensors the dirtiness level of your kitchen wear and adjusts the washing parameters based on this. Optimal results in each cycle.

MultiCleaner

Use any kind of detergent you like, pots or powder, as your Dishwasher will adapt to either with the MultiCleaner system.

PremiumDry

A perfect finishing is achieved thanks to an excellent performance with minimum consumption. At the end of each cycle, the PremiumDry system will automatically open the Dishwasher door to complete the dishes drying process.

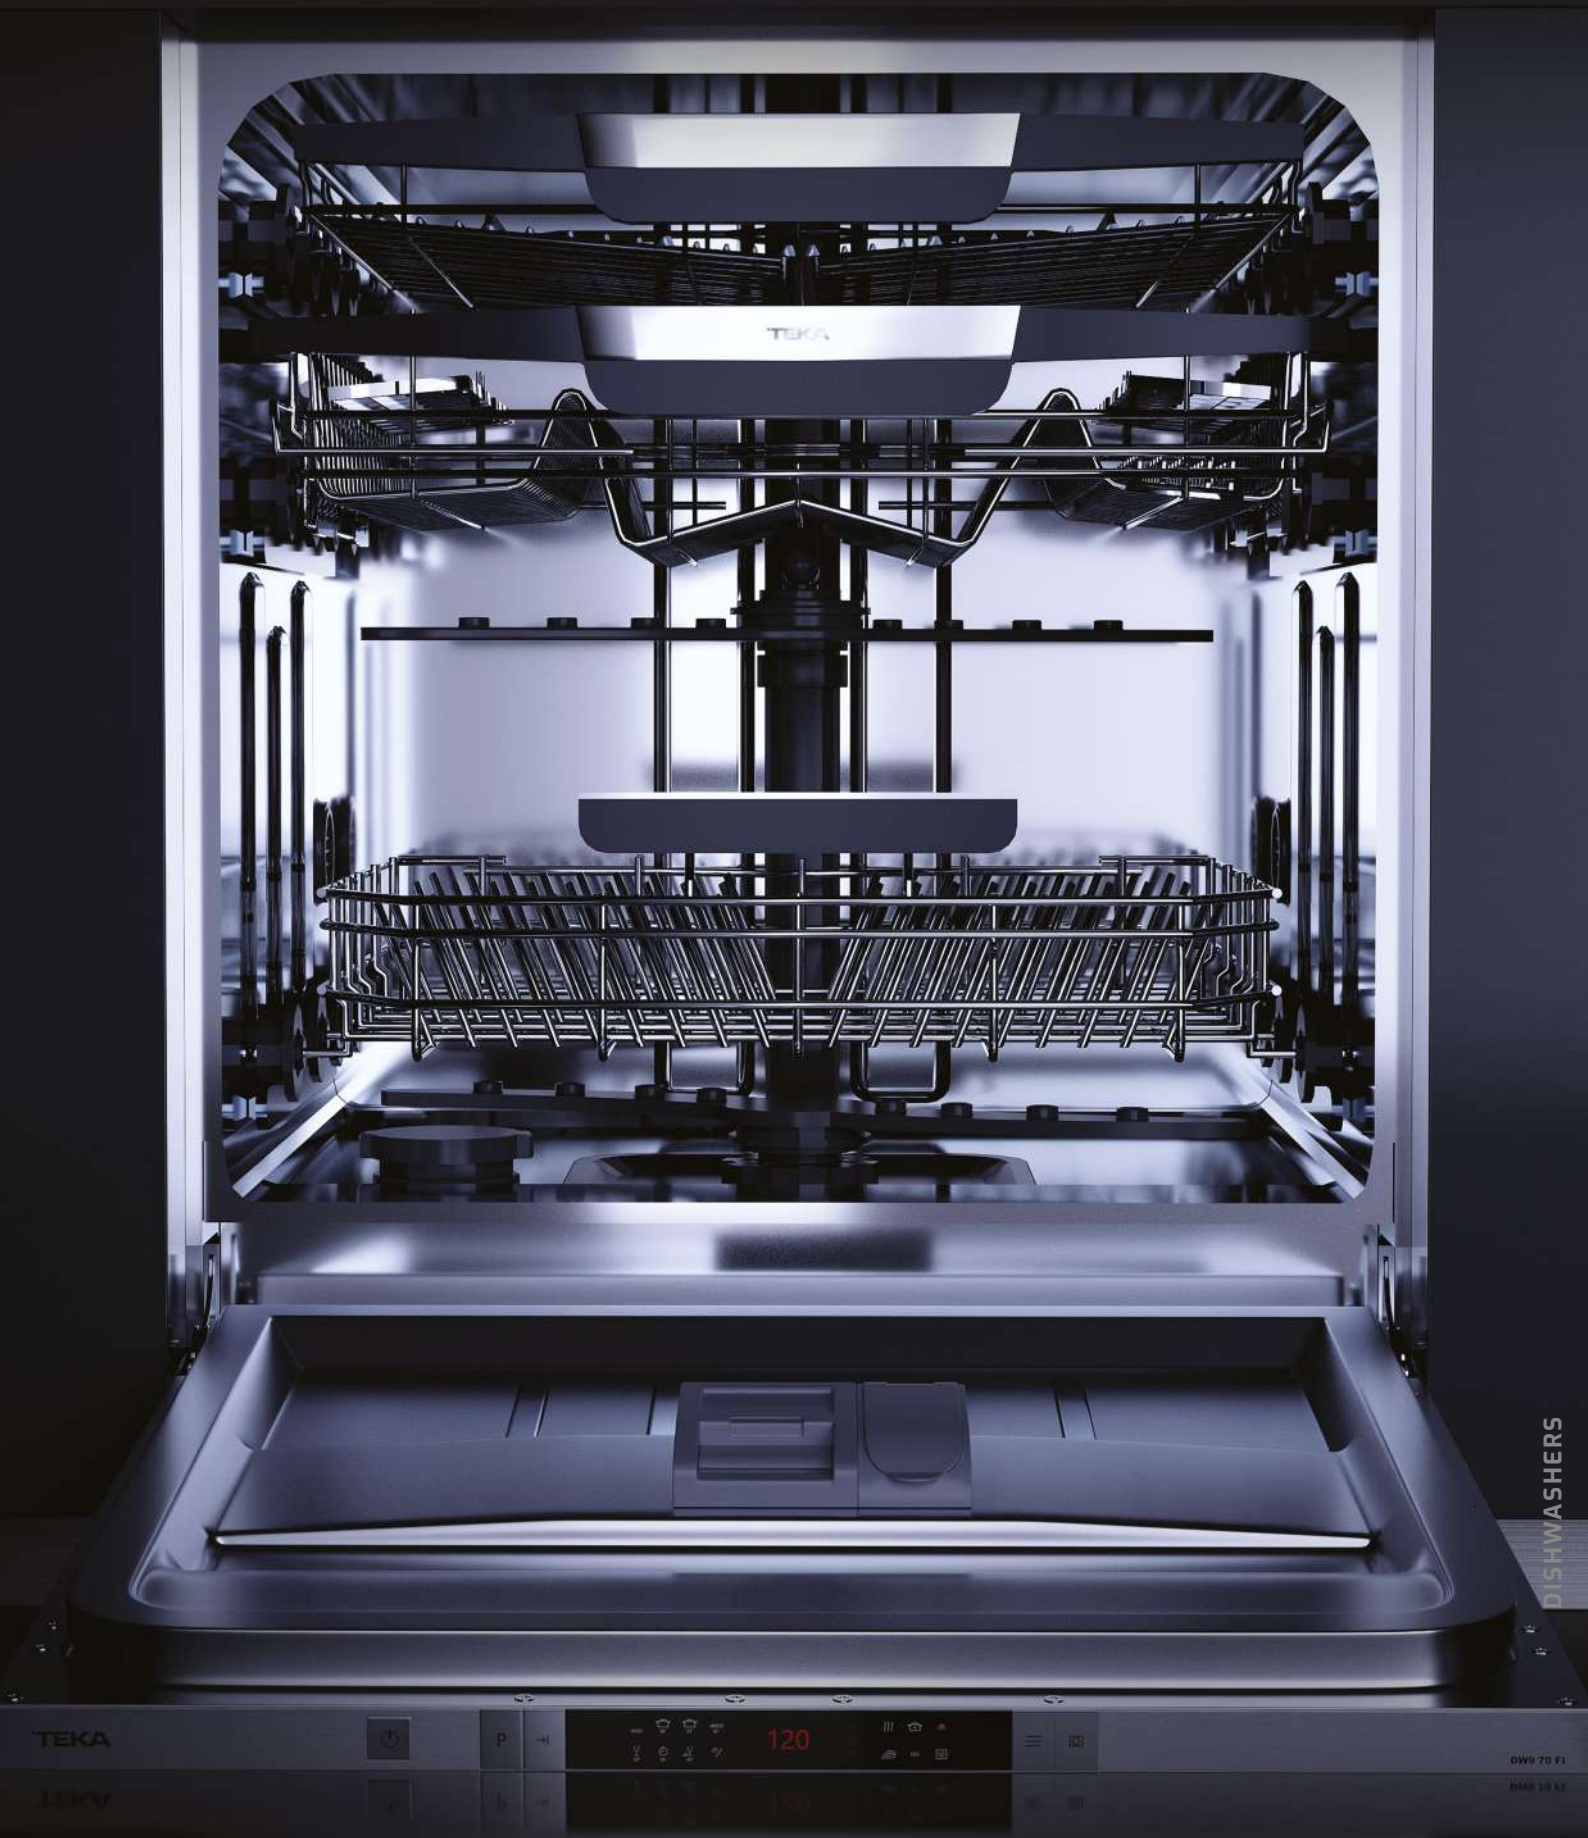

3rd Cutlery Tray

Your cutlery perfectly clean and with no food traces, thanks to our new wider and more flexible tray. Move and set its mobile parts to adjust to your needs in every cycle.

Beam on Floor

Our Dishwasher are so silent, that we have included a beam of light*, so that you can identify when it is working. When the light beam is off, means your Dishwasher is done with your dishes.

Laundry

The scent and softness of clean clothes reminds us of the best stages of life

Laundry day will become **your favourite day**

SmartWash

Ensure the minimum consumption with our smart system, which adjusts the washing parameters to the load.

SoftCare drum

The easiest way to break water resistance. The innovating Softcare design of the drum, made of dozens of small cubes, improves the gentle care of your laundry during washing, drying and spinning, even caring for your most delicate wool clothes.

ExcellentDry sensor

Delicate care for your clothes. Sensors control temperature and humidity to guarantee a perfectly dry result.

MyCycle

Choose your favourite program, type of clothes, temperatures, speed, and more. Your washing machine will memorize your parameters for whenever you need them, and you will know that it was designed just for you.

Steam function

An extra blow of hygiene. The steam eliminates germs, viruses and bacteria, and permits a fluffier laundry result with fewer wrinkles.

SINKS

More than just a sink

Lifetime Warranty

More than 90 years of experience in the manufacturing of sinks allows us to offer the best guarantee

Teka sinks are defined by their top quality, durability, extremely resistant austenitic stainless steel, ergonomic design, functionality, hassle free installation and excellent service. They are made in Europe and all our factories have the highest quality certifications and are environment friendly.

Sinks with unlimited lifetime warranty

At Teka, we are so confident in our quality standards that we offer an unlimited lifetime warranty on all of our stainless steel kitchen sink models for you to be completely at ease. Visit teka.com for more information.

* Warranty only applicable for residential products. Fitting excluded. All product exchanges and returns require Teka's express approval. Tap and accessories excluded.

SilentSmart, the invisible protagonist

50% less noise: maximum comfort and well-being

Is the kitchen sink one of the source of irritating noise that affects your family? R515 Series are the best in their class. They feature a design and low-noise component to make them extremely quiet. The sound-dampening pads are their best partner. They, together with their special distribution, can reduce noise when water falls during operation, ensuring your comfort and convenience all day.

PureClean, Extra hygiene and cleanliness with the new waterproof treatment

Our new PureClean treatment gives you a clean and dry surface, preventing the build up of bacteria in your sink. In addition to the antiseptic benefit of stainless steel, with this coating, lime, dirt, and all the particles that previously remained in the sink can be drawn away, giving you a cleaner and more hygienic product.

Anti-fingerprint, an impeccable result.

With the premium SofTexture finish that provides an anti-fingerprint surface, with a matte look that fits perfectly with the latest trends in kitchen design.

Design, a touch of sophistication through a cleaner and modern design.

Its R515 radius makes it easy to clean and drain the water. The decorative elements elegantly cover the base of the sink. Greater capacity with a depth of 20cm.

FlexLinea, a series with multiple possibilities

*FlexLinea sinks offer
distinction and versatility at all
levels.*

FlexLinea, a series of sinks that satisfies all tastes

Flexibility is one of the main priorities for Teka, that's why this series has been developed.

It offers a wide variety of different sink compositions in different sizes, all of them with overflow and squared waste, to offer a look according to current trends, along with the easy-cleaning radius 15.

A sink you can install in all kind of countertops thanks to its triple mount installation option: undermount, top mount or flush mount.

All the series comes with lifetime warranty and SilentSmart system which reduces water dripping sound by 50% .

They are the best of their kind, the integrated manufacturing process stands for environmentally friendly and efficient production.

Enjoy the peacefulness offered by the lifetime warranty and the new SilentSmart system.

**SILENTSMART
TECHNOLOGY**

Zenit Series, multifunction workstation

Zenit Series are distinguished by their versatility, and, above all, because they bring order in your kitchen.

More than just a sink

Zenit is not simply another series of sinks. It is a food preparation area with ergonomic accessories perfect to cut, wash, cook, serve, and... enjoy! Its new square-shaped SQ valve combines with the attractive straight lines that bring personality and design to your kitchen, with a professional look and the peace of mind offered by the lifetime guarantee and the new SilentSmart system.

Zenit Cooking Set

Teka has developed an exclusive cooking set that includes:

- 3 ceramic dishes of different sizes suitable for ovens, microwaves and dishwashers.
- Bamboo chopping board.
- Set of silicone lids that allow you to preserve food.
- The square-designed inox soap dispenser, An inox colander that stands on the bowl rim.
- A popup waste match perfectly with Teka sinks.

Tegranite+, high quality

Teka Tegrinite+ sinks have evolved into a work area for kitchen lovers that look for innovation, practicality and functionality in the kitchen.

Stone, Forsquare and **Square** are the series for our new Tegrinite+ products. They were made with high quality Quartz, a material on the rise. 80% Quartz combined with acrylic resins to obtain a hardened material very resistant to thermal shocks, impacts and dirt. In addition, it is available in a wide range of colors. Quality and color... you can choose!

- **Scratch-proof surface:** high resistance surface to high temperatures and violent shocks.
- **Color intensity:** Excellent UV resistance and long color durability. Its specific method in coloring granite-particles provides higher resistance against decoloring.
- **Hygiene:** The material is non-porous, its surface is very easy to clean and leaves no place for bacteria.
- **Food safe:** Additionally, Tegrinite+ have an anti-bacterial protection enriched by silver ions which reject bacterial microorganisms.
- **Easy to clean:** Tegrinite+ features an odorless and stain-resistant finish. Cleaning up couldn't be any easier or faster!
- **High-resistant packaging** to minimize breakage. The sink is suspended and fully protected inside a twin double-box, creating a safety perimeter to avoid impacts.

Teka only endorses sinks made of innovative materials, that have great durability and are easy to clean.

Universe, unique personality

The new Universe series was born with details in mind, offering the best solution with a unique and avant-garde design. It stands out for its variety, functionality and the beauty of its surface.

Wide variety of solutions for your kitchen:

the new Universe series offers a range of compositions, sizes and finishes to choose the sink that best suits your lifestyle.

Greater capacity for utensils with buckets up to 195 mm deep.

**LIFETIME
WARRANTY**

Valid for all stainless steel sinks. See conditions at teka.com

Stainless Steel finishes, a long time durability

As experts in the work of stainless steel, you can choose your sink between these finishes.

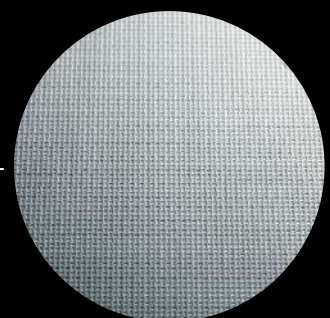

Polished: an elegant finish that can be found in a large number of Teka sinks. The steel is subjected to various processes of both manual and mechanical polishing, obtaining a product with a lasting shine and easy cleaning. A sink that is impervious to water stains and calcium deposits.

Natural: deep drawing process produces an uniform pattern of satin finish lines on the surface and a natural transition: from the initial brightness of sink's top to the matt finish of the bowl where stainless steel has been stretched to its limits.

Micro-textured: those with a rough surface in high relief on the surface of the sink that combines perfectly with the aluminized finishes of the kitchen.

Packaging and Basket Wastes

Individual carton box

Teka sinks presented in individual carton boxes are stamped with the Teka logo and a sticker showing the name of the product and the code number. Inside the box, the sink and the accessories such as basket waste, connections, siphon, fixing clips and sealing strips for its installation are included.

Cardboard protection

It is a comfortable and secure way of packing the sinks for its sale in big stores. Although the sink is not inside a carton box, the protection around the sink perimeter is good enough and it contains the fixing clips and sealing strips. The kit that includes basket wastes, connections and siphon should be ordered apart and are provided separately without extra cost.

Basket wastes with overflow, connections and siphon are provided for all teka sinks

Teka provides the necessary wastes, connections and siphon for your sink

Extra accessories and fittings are available under request

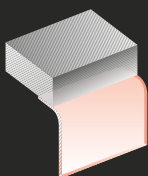

Included inside the box, in case of the carton box sinks.
To be ordered apart in case of the sinks packed with cardboard protection (without extra cost).

Teka sinks, maximum installation flexibility

When choosing a sink, it is necessary to consider the style of kitchen, and what can be more functionally comfortable.

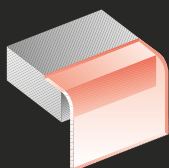

Undermount

A popular option to install with stone, granite and modern composite materials. This sink is mounted and caulked from underneath using the special clips provided. Undermounting is very easy to clean, and prevents dirt from getting stuck around or below the rim, the countertop is completely smooth and the sink looks elegant and practical. The sink is absolutely waterproof!

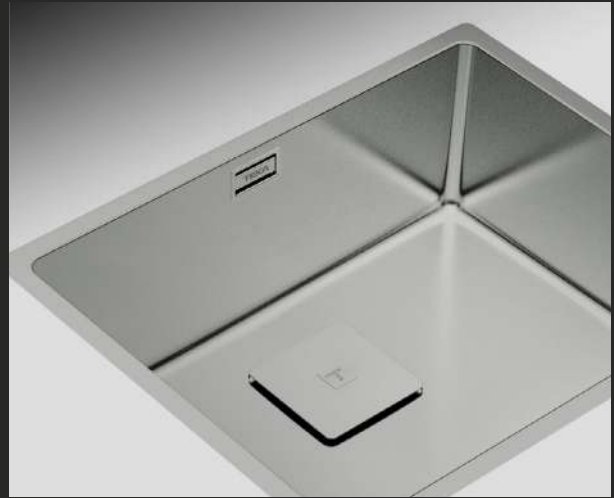

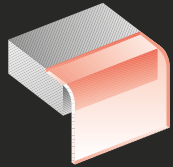

Top mount

A slimmer rim grants for an accurate positioning of the sink on your countertop. It is suitable for countertops of any material, and it is recommended especially for wood or laminates. Its small rim prevents water spilling onto the countertop.

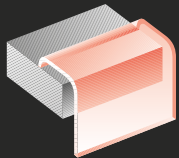

Flush mount

Sink and countertop become one solid unit, free of awkward edges and corners. The rim of the bowl is milled into the countertop, the cut-out must be very accurate. The totally seamless working area is also aesthetically pleasing and easy-to-clean. Ideal for natural materials like stone where milling is not a problem.

Inset mount

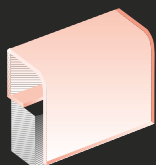

The most traditional method of installation. Simply insert from above into a prepared cut-out, and the rim of the sink sits on the work surface. Teka drop-in sinks can be mounted on virtually any worktop. The sink is fastened to the worktop from underneath, with no screws or bolts showing.

Lay on

Teka lay-on sinks are only superimposed, do not need, or use clips.

The stainless steel of the sink surrounds the edge of the countertop. Lay-on sinks can be delivered with wood supports at the sides (below the rim) to aid installation while providing structural reinforcement.

TAPS

OPERA ICO 915, sleek stylish line

An exclusive, fresh and state-of-the-art design, focused on making an essential part of the kitchen, the tap, more functional. The revolutionary concept of open spout with its 5 aerators means a significant water saving, optimizing water flow.

A tap with personality to fit the style of your kitchen and to add a professional design to it, with its striking look. Nobody will remain indifferent to this tap.

TAPS

Overcome barriers

The best place to place the sink and the kitchen tap is in front of the window, if space permits. Opening or closing the window with a high spout tap ahead, is no longer a problem. Aura AUK 983, the single-lever retractable mixer tap from Teka, allows you to hide or extract your high spout whenever necessary so that nothing stumbles in your way. Thanks to its 2 positions, Aura offers maximum flexibility in the kitchen.

Teka ceramic discs

Longer taps life

All Teka cartridges use sintered ceramic discs with high resistance. These discs all have porous surfaces which retain grease longer, helping to achieve smoother, gentler movements which help to prolong the life of the taps. The operating gear is insulated from water giving therefore continuous lubrication.

Ceramic cartridge. Greater durability.

Temperature limiter

Save the energy used to heat the water with the temperature regulator that is incorporated into the cartridge.

Water saving

The cartridge incorporates an adjustable flow gauge to save water every time you use the mixer.

Anti-Scalding

Forget about scalding caused by water at high temperatures. We take care of you and your loved ones.

TAPS

* Not all taps have temperature and flow regulators in the cartridge.

NEW RANGE OF WASTE DISPOSERS

**Practical,
comfortable,
silent and safe**

Teka's new organic waste disposers help to keep the kitchen free of bacteria, odors, and rubbish in a comfortable and hygienic way.

It converts the waste into very fine particles that are removed through the pipes, reducing the volume of rubbish in the kitchen and the amount of plastic bags that are used.

You are one touch away from having **total hygiene** in your kitchen.

Do you have organic waste in the sink? Do you know where to throw the scraps? Get rid of all of them in just three easy steps:

1

Open the tap

2

Press the button

3

Waste is removed in a matter of seconds

Only **benefits**

- ▶ **Greater hygiene** in your kitchen.
- ▶ **Sustainability:** reduces the accumulated rubbish as well as the use of bags.
- ▶ **Safety:** Teka's waste disposals do not use blades or fans for operation.
- ▶ The disposers are very **quiet**, thanks to their high-torque **Dura-Drive®** induction motor and their new grinding technology.
- ▶ They do not need maintenance.
- ▶ Their consumption of water and energy is **minimal**.

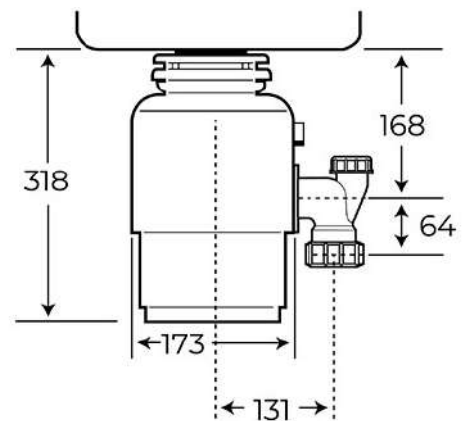

TR 550
