ENERGY EFFICIENCY

Energy Efficiency Class: A+

Energy Efficiency Index (EEI): 81

AirFry HLB 8416

ENERGY LABEL

The energy label for the TEKA HLB 8416 Air Fryer features a blue header with the European Union flag, the word "ENERG" in large letters, and the word "енергия" in Cyrillic. To the right of "ENERG" are four small circles containing the letters Y, UA, IE, and IA. Below the header, the TEKA logo and the model number "HLB 8416" are displayed. A central graphic shows a vertical scale of energy efficiency classes from A+++ (dark green) at the top to D (red) at the bottom. A black arrow points to the A+ class. Below this scale, two icons represent different cooking modes: a 70 L capacity icon and a fan icon. To the right of these icons, the energy consumption values are listed: 0.87 kWh/cycle* for the 70 L mode and 0.68 kWh/cycle* for the fan mode. At the bottom, there is a line of small text in multiple languages and the standard number 65/2014.
