TEKA

100
YEARS

100 years of meaningful moments

For 100 years, our passion for cooking has made us part of your life, in the heart of your home.

100 years of amazing stories and unforgettable moments.

1957

Helmut Klein
joins the company
as a partner.

Teka opens a **factory**
in **Zaragoza** (Spain).

Teka achieves great success in
Europe, America, Asia, Africa
and Middle East.

With its **handball** team, Teka won
once the European Cup, once the
Club World Championship and
twice the EHF Cup Winners' Cup.

Teka also opens new
factories in Spain,
Portugal, Hungary,
Mexico and Indonesia.

1924

1960

1970

1980

1990

Karl Thielmann
founds an agricultural
machinery company in
Germany.

Teka set up in Spain and began a large
international expansion, first in Europe
and then in the rest of the continents.

During the first years, the brand
only manufactures **sinks**. The
success of the products gave
Teka the chance to expand its
catalog and start manufacturing
cookers, ovens and hoods.

Teka began to work
with professional
cycling. Teka cycling
team became one of
the world's leading
cycling teams.

Teka starts to sponsor the **Real
Madrid Football Club** and **Real
Madrid Basketball Club**,
until 2000.

2015

The Real Madrid Teka Basketball Club won the **Basketball Euroleague**.

2016

Teka launched the **Wish** range with all its home appliances, the largest investment in the history of the brand, upgrading all the factories and designs.

2019

Teka launches its new design concept: **Infinity Design**. Under the claim "**Everyone deserves a great design**", the brand presents a new project to bring the finest design to every home.

INFINITY ∞ DESIGN

Teka starts sponsoring art.

Museo Moderno
Buenos Aires

Museo Franz Mayer
CDMX

Museu Europeu d'Art Modern
Barcelona

Museo Thyssen-Bornemisza
Madrid

2000

Teka opens new factories in Turkey and China.

2010

2020

2019

Teka updated its logo to complete the brand image.

'TEKA

2024

Nowadays, there is a Teka product in **100 million homes** worldwide.

2018

Teka introduces its new positioning, image and slogan:

Cook your way to life

Teka carried out the largest marketing campaign in its history: "Cook your way to life", including a two-minute short film **watched for more than 13 million people** in the first month.

2022

Teka launches **Infinity | G1**, an exclusive edition designed by the prestigious Italian studio **ItalDesign Giugiaro**

INFINITY | G1

I N F I N I T Y

G1

Infinity | G1 Edition comes to life through the mutual work of two remarkable brands : **Teka** and **Italdesign Giugiaro**. Bringing together the 50+ experience of Italdesign Giugiaro, the acclaimed design and engineering automotive company, and Teka's vast knowledge of creating kitchen products.

Italdesign Giugiaro is a leading company founded in 1968, which has designed, inspired, developed, and manufactured the most innovative solutions for the automobile industry and related fields worldwide, such as Nikon cameras or motorcycles, e-bikes for Ducati, automobiles for Lamborghini, Ferrari, Maserati, and DeLorean Motor Company amongst other renowned brands

This edition is inspired by the **latest and emerging design** trends in **exclusive** vehicles, jewellery, or the **ultimate** technology for **premium** electronics devices, combining shades of **matte** and bright **black** details with touches of **copper** for an incomparable finish.

THIS LINE OF DESIGN GOES BEYOND THE ESTABLISHED. EVERY FEATURE INCLUDED IS THOUGHT TO BE TECHNICALLY AND AESTHETICALLY FLAWLESS. INTENDED TO CONVEY **DEPTH AND SOPHISTICATION.**

The combination of matte and bright black and subtle touches of copper, gives your kitchen a **strong contrast**, a way of adding **distinction** and a **modern spin**. Matte black continues to make its mark on fashion, home decor, and even home appliances.

SteakMaster oven

WELCOME MEAT LOVERS

RRP WM

RM 12,199

EM RM 12,299

FREE

Exclusive Glove and Kitchen Knife
worth RM 688

The first and only oven capable of cooking a perfect steak at home is here.

High temperatures that reach up to 700°C, along with the cast iron grid will give your meat cuts a unique grill flavour in just a few minutes.

Choose to cook manually to manage every step and how you would like your steak cooked, or simply select one of its 20 automatic programs: SteakMaster is designed to temper the meat, keep it juicy, and seal the cut, recreating the heat process of a professional grill.

Additionally, the SteakMaster is a pyrolytic multifunction oven capable of cooking all the recipes you want.

AIRFRY OVEN HLB 8416 BK

This multifunction oven's special AirFry function gets an oil-free crunchy finish, offering pleasure without guilt.

The AirFry function, along with the oven's FryMaster Box and its SurroundTemp technology, which distributes the heat evenly through the cavity, will give you the crunchy finish that you love, without the need to turn the food over, or using oil.

All of this in a multifunction oven, capable of preparing any recipes you want, with a 70 net litres capacity, more than +30% compared to other ovens*.

AirFry function

Special AirFry function for oil-free crunchy finish.

FryMaster Box

Die cut tray that allows an even heat circulation, without turning over the food.

Surroundtemp

An additional rear electrical resistance distributes the heat evenly through the cavity.

Oil-free

Ideal for French fries, nuggets and chicken wings.

KEY TO ICONS OVENS AND COMPACTS

HYDROCLEAN PRO

Automatic cleaning system.

HYDROCLEAN ECO

Manual cleaning system. Pour a glass of water on its bottom when it is cold, select the bottom function, adjust the temperature to 90°C for 4 minutes and let it cool down for 20 minutes.

SOFTCLOSE

A Energy Class

A+ Energy Class

CONVENTIONAL HEATING

Used for recipes such as sponges and cakes where the heat must be even to achieve a spongy texture. Recommended temperature: 170°C-210°C.

GRILL + BOTTOM

Especially addequate for roasts, of any size.

GRILL

For grilling and browning, particularly suitable for thin to medium-cut meat such as sausages and steaks. Recommended temperature: 170-220°C.

MAXIGRILL

Allows larger surfaces to be cooked faster than a standard grill, and greater power reduces the time required for browning food.

CONVENTIONAL FAN

Suitable for roasts and cakes. The fan distributes heat evenly around the oven, reducing cooking time and temperature. Recommended temperature range: 160-200°C.

MAXI GRILL+FAN

Used when even roasting is needed at the same time as surface browning. It's ideal for larger dishes such as poultry and game.

BOTTOM

Heats only from underneath, suitable for cooking dishes with a pastry content.

PIZZA

Special for cooking pizzas, pastry and fruits cakes.

TURBO

The turbo is a heating element fitted in the back. An even temperature is reached and allows cooking at several heights at the same time without mixing smells or flavours.

DEFROST

The defrost function is the perfect response to the growing use of pre-cooked and frozen meals. Defrosting is done through short, even cycles of hot air.

ECO FUNCTION

Eco contributes to managing energy efficiently thanks to an intelligent temperature control system that uses residual heat from the cavity to finish cooking without wasting unnecessary energy.

EXPRESS PREHEATING

Reduces the preheating time of the oven when it is cold.

SLOWCOOK

This function slows down cooking pace to fully preserve all the juice, flavour, aroma and essential nutrients, meaning all the properties are retained.

CONVENTIONAL GRILL FAN

Grilling only from the top of the oven. Ideal for superficial brown and grilling. The fan distributes heat evenly around the oven, reducing cooking time and temperature.

STEAM

The "steam" function is perfect to cook faster and in a healthier manner. Due to the steam, the food never gets burnt and still keeps all the essential vitamins, providing juicy and tasteful dishes in a very short period of time. It is perfect to cook fish and meet.

STEAMGOURMET OVEN

All you need is steam

THE COOKING FUNCTIONS THAT WILL GIVE YOU ALL

SteamGourmet is a CombiSteam oven, which means it includes a steam generator that can work solo or combined with traditional heating. This provides all cooking functions that you may need, with the crunchiest and juiciest results.

FULLY EQUIPPED

Our new **SteamClean** system will keep stains and dirt out of your oven, without effort.

Automatic soft opening control panel to access the water tank with just one touch. It's so great, we just had to patent it.

Equipped with smooth-running telescopic guides, soft close system, and special perforated steam tray.

Triple glazed door for a cool touch to reach the highest safety while cooking.

Efficiency energy A+ for optimised consumption. Save up to 20% more energy.

ExtraLarge Capacity: Up to 72 Lts of capacity with 5 cooking levels and extra-large sized trays.

- Stainless steel inner cavity

Cooking meals to share was never so fast and easy

Ceramic base

Don't get another hot-but-cold dish thanks to our homogeneous heat system. Waves distribution comes from the lower ceramic base with no need to use turntable plates.

Our microwaves have wide cooking surfaces to use bigger plates, and a completely flat cavity, easier to clean and to reach any part of it where food stains may remain. Great efficiency comes included too.

Crunch plate

You can do a potato omelette without turning it upside down. Cook a quiche or even do some crunchy French fries. You can have crispy pizzas thanks to the plate, reaching very high temperatures to turn the borders golden brown and crusty.

Memory

With our microwaves you can select different power memories and heating times so you can repeat your favourite recipes as many times as you wish.

Easy installation

Frontal trim kit is included in the microwave for an easy installation. The frame is already fixed to the microwave oven instead of the cabinet, so the assembly process is faster. Thanks to this, you can get your new microwave ready in just 5 minutes and using only 4 screws.

Fresh veggies for loving meals

AND THIS WHILE YOU GIVE YOUR KITCHEN
A **WELL-DESERVED STYLISH TOUCH.**

Keeping your food fresh for longer is a necessity. Our Cold Line range offers a high performing and stylish way to do it, where design is key, but not at the cost of efficiency and long-lasting functioning.

Discover our many Cold Line solutions for your kitchen.

Cold Line

Meals and memories are kept inside

IonClean technology

IonClean technology creates negative ions that neutralise bacteria and bad smell particles. Air inside the fridge will be superb this way and always fresh and free of odours.

TempGuard

Our TempGuard system controls and keeps the temperature thanks to sensors located inside. Any change is automatically fixed. Your fridge always at the real temperature your food needs.

MultiZone compartment: From freezer to fridge in just one touch

Room enough to keep food cold or even freeze it, thanks to the compartment with adjustable temperature: from cold to frozen. You can set the temperature you want to from -18°C to 7°C and have a complete control of your food and appliance. At your service.

LongLife No Frost

Keep your food perfect: goal achieved. LongLife No Frost technology keeps every compartment at the perfect moisture level thanks to the three independent cooling circuits. Your food remains fresh for longer.

FlexiRack

With the flexirack system, just pressing a side button, you can adjust the height of the door shelf anytime you need it.

GourmetBox

Precision is to keep food at perfect temperature.

Your food remains fresh for longer at the perfect temperature. The latest technology of the 0°C box. Gourmet Box, a soft close telescopic drawer, allows you to choose the right temperature between -2 and 3°C through a touching display at the top. Welcome to wellness.

VitaCare Box

From farm to table VitaCareBox drawer has a personalised moisture control to keep your fruit and vegetables always fresh, preserving all their vitamins and nutrients for longer.

Bar on Door

Take drinks without opening the door with just one touch. Easy access to a special compartment for drinks avoiding opening the whole refrigerator. The BarOnDoor goes beyond an intelligent design, its simplicity at its best.

10 years Warranty Inverter Motor

Silence, durability and efficiency.

Feel the peace at home. Less consumption and more silence with the long-lasting inverter compressor. We take care of stillness and quietness at your home, while saving you money. Our refrigerators and freezers ranges are designed based on efficiency. Save more with the most advanced technology.

Dishwashers

Caring for your loved ones through pure hygiene

Your time is what really matters

We believe in constantly finding ways to make life more meaningful. Because of this, we help you get rid of those chores that you want to get over with, so that you can dedicate your time to what really matters.

With our Dishwashers you will find not only the freedom to forget about doing the dishes after lunch, but also the most intuitive and efficient way to do so.

Discover all the possibilities and let us do the job for you.

Built-in and free installation solutions,
both with the highest performance

It doesn't matter the type of dishwasher you are looking for. We have a solution for you. Our built-in and free installation options will certainly fit the needs of any kitchen.

Inverter Motor

Last generation inverter motor*. Its technology and resistance guarantee minimum energy consumption, a significant noise decrease, and long-lasting performance.

IonClean technology

Our IonClean technology* guarantees the highest hygiene through negative ions, eliminating bacteria and neutralizing the common odours.

Hygiene program

Sterilise your dishes with our Hygiene program*. Eliminate all kinds of bacteria and allergens, thanks to the high temperature of this special program.

Zenit Series, multifunction workstation

Zenit Series are distinguished by their versatility, and, above all, because they bring order in your kitchen.

More than just a sink

Zenit is not simply another series of sinks. It is a food preparation area with ergonomic accessories perfect to cut, wash, cook, serve, and... enjoy! Its new square-shaped SQ valve combines with the attractive straight lines that bring personality and design to your kitchen, with a professional look and the peace of mind offered by the lifetime guarantee and the new SilentSmart system.

- Decorative SQ cover
- SilentSmart, 50% less noise
- 200mm deep bowl
- 90cm base unit

COMPLEMENT YOUR WORK AREA

CHOPPING BOARD

Made of bamboo, an extremely resistant and natural material.

STAINLESS STEEL COLANDER

Fits into the sink bowl and takes care of its surface thanks to the silicone on the edge of the strainer.

SOAP DISPENSER

Made of stainless steel, refillable and easy to use.

QUALITY FOREVER

Because we trust in our quality standards, we give you the best: a Lifetime Warranty on our stainless steel against any manufacturing defects.

PURECLEAN & PVD INNOVATION AND DESIGN

ANTI-FINGERPRINT

An impeccable result with the premium SofTexture finish .

CLEAN & DRY

PureClean treatment turns a surface into a water-repelling one, preventing the build up of bacteria.

MORE RESISTANT

High resistance surface to high temperatures without changing its appearance.

COLOR INTENSITY

Long color durability obtained by the evaporation of the metal that adheres to the steel surface creating a layer in color.

CERTIFIED BY EUROPEAN NORM REQUIREMENTS

Its durable treatment passes extreme test such as chemical attack tests.

The best of their kind.

SILENTSMART TECHNOLOGY

Reduces the water noise when running or dripping into the sink.

BOWLS WITH A DEPTH OF 20 CM

Deeper, more possibilities.

Teka sinks are manufactured in the same way as a chef pampers his recipes: with the very best ingredients.

The integrated manufacturing process stands for efficient and environmentally friendly production.

DESIGN

A touch of sophistication through a cleaner and modern design.

EASY TO CLEAN

An odorless finish that facilitates cleaning, making it easier and faster.

QUALITY

Quality and durability with extremely strong stainless steel (AISI 304).

A TOUCH OF DISTINCTION AND CLASS FOR YOUR KITCHEN

The color of the material is obtained by the evaporation of the metal that adheres to the surface creating a color layer.

Teka sinks are recognized by their flexible installation: top, flush or undermount installation. Meanwhile our trendy taps will give the final touch to your kitchen.

HYGIENE AND CLEANING

The PureClean treatment transforms the surface of your sink into an area that repels water, so you will have a cleaner and drier sink that also prevents the buildup of bacteria.

In addition to the antiseptic benefit of stainless steel, this coating can drag away limescale, dirt, and all types of particles that previously remained on your sink's surface, giving you a cleaner and more hygienic product.

DISCOVER THE TEGRANITE+ SERIES

Kitchen lovers seek to create a work area where innovation, practicality and functionality stand out in every corner.

Where every item has great design and is made of highly durable materials, offering total safety in use.

The Tegrinite+ sink series have been manufactured with the best materials to create a stylish, high-strength product in a wide range of colours and sizes.

DESIGN

IMPECCABLE LINES, **SUPERB DESIGN**

Every Tegrinite+ sink exudes modernity, meticulous lines and edges adorning every item, filling them with personality.

QUALITY AND VERSATILITY

MAXIMUM STRENGTH

Its formula, with 80% of the highest quality quartz combined with acrylic resins results, in a much more robust material, resistant to impacts, thermal shocks, high temperatures and scratches that could occur during use.

NOW **MORE** VERSATILE

Its versatility is also evident in its installation. Two different options to achieve a better intergration in your kitchen : top mount easy and accurate installation, while the undermount installation keeps your work area looking smart.

GREATER **CAPACITY**

200mm deep sinks for easy cleaning and utensils.

HYGIENE

EXTRAORDINARY HYGIENE

The ultra-thin, non-porous surface material prevents the growth of germs, acting as a barrier to bacteria and fungi that can be harmful to food.

Tegrinite+ sinks have antimicrobial protection enriched with silver ions that prevent bacterial microorganisms.

EASY TO CLEAN

It features an odourless finish that resists stains and odours and without leaving a trace - cleaning couldn't be easier or faster!

SQUARE 2B 760 TG

RRP **WM RM 2,899**

RRP **EM RM 2,949**

Features the new **HelixPro strainer** and a different drainage system : **PerfectFlow**, which maintains the beauty of the sink by eliminating the rim between the strainer and the sink, preventing the proliferation of dirt and bacteria and providing a higher degree of hygiene for your kitchen.

RADEA SERIES

Its sophisticated straight lines lead to tighter radii that give the sink great depth, making it easier to handle and clean utensils regardless of their size.

2-in-1 installation
