

Cooking is **believing**

MICROWAVES

Design and harmony to create the perfect cooking environment at home

Cooking fast and easy without saying goodbye to that unique taste of our traditional recipes. Teka microwaves offer countless and intuitive functions with an exclusive design. Our microwaves style fits perfectly with our ovens and compacts, creating harmony in every kitchen. Shapes, materials and colours are carefully designed to create wellness in your home. Make a piece of art of your kitchen.

Creating unforgettable moments is **easier and faster than ever**

Easy installation

Frontal trim kit is included in the microwave for an Easy installation. The frame is already fixed to the microwave oven instead of the cabinet, so the assembly process is faster and we can get our new microwave ready in just 5 minutes and using 4 screws.

Memorize your favourite recipes

With Teka microwave ovens you can select different power memories and heating times so you can repeat your favourite recipes as many times as you wish.

Ceramic base

No boundaries in your kitchen

Your cooking will never have boundaries again. Teka microwaves bring you wide cooking surfaces to use bigger plates. You won't have to get another hot-but-cold dish again from the microwave thanks to our homogeneous heat system. Waves distribution comes from the lower ceramic part of the appliance and there is no need to use turntable plates. Microwave is completely flat inside so it is easier to clean and to reach any part of it where food stains may remain. We have as well an excellent efficiency.

Crunch plate

Real crispy microwave pizza

Crunch plate will give us the chance to cook easy and fast. You can do a potato omelette without turn it upside down, cook a quiche or even do some crunchy French fries. You can even have crispy pizzas thanks to the plate, reaching very high temperatures to turn the borders golden brown and crusty.

Microwaves

Cooking is believing.
