# SINKS

# Quality, technology and innovation above all

Every day we work to better understand your needs and create new solutions to help, all by finding new possibilities in the kitchen.

## **Teka devotes itself to top quality**

Teka sinks are manufactured the same way a chef perfects his recipes: with the very best ingredients. The most popular material for kitchen sinks today is stainless steel: non-porous, superbly hygienic, rust-free, heat resistant and extremely durable. The stainless steel used in the manufacturing of our sinks contains the necessary amounts of chromium and nickel to create a product that is extremely resistant to denting, noise and temperature changes. Made to last a lifetime! The highest quality materials, together with the best design and functionality, make Teka sinks the silent protagonists in any kitchen.

# More than just a sink

Lifetime Warranty

**More than 90 years of experience in the manufacturing of sinks allows us to offer the best guarantee**

Teka sinks are defined by their top quality, durability, extremely resistant austenitic stainless steel, ergonomic design, functionality, hassle free installation and excellent service. They are made in Europe and all our factories have the highest quality certifications and are environment friendly.

**Sinks with unlimited lifetime warranty**

At Teka, we are so confident in our quality standards that we offer an unlimited lifetime warranty on all of our stainless steel kitchen sink models for you to be completely at ease. Visit [teka.com](http://teka.com) for more information.

\* Warranty only applicable for residential products. Fitting excluded. All product exchanges and returns require Teka's express approval. Tap and accessories excluded..

# SilentSmart, the invisible protagonist

## 50% less noise: maximum comfort and well-being

Is the kitchen sink one of the source of irritating noise that affects your family? RS15 Series are the best in their class. They feature a design and low-noise component to make them extremely quiet. The sound-dampening pads are their best partner. They, together with their special distribution, can reduce noise when water falls during operation, ensuring your comfort and convenience all day.

# A pure work of art, RS15 Series

If you want to enjoy your meaningful moments in an avant-garde kitchen, start by choosing a sink by Teka; it will provide your kitchen with a touch of character.

Discover everything it has to offer.

## A touch of distinction and class for your kitchen

RS15 Series is characterized by:

- Teka Radius 15 offers a clean design that embodies modernity.
- The integrated manufacturing process stands for environment friendly and efficient production.
- Sinks made with high stainless steel quality, AISI 304, that grants durability and allows easy cleaning.
- An elegant design with more capacity: bowls with a depth of 20 cm!
- Deeper, more possibilities. Teka sinks allow you to wash any kitchenware even the biggest pots!
- A new SQ valve to gently cover the square basket waste, providing a refined and attractive touch in the kitchen.
- Just decide which one suits you, RS15 Series sinks range is recognized by its flexible installation: undermount, top, flush and inset.
- All the product range comes with lifetime warranty and the new SilentSmart system, which reduces water dripping sound by 50%

# Outstanding design

## PVD finish

The new PVD sinks adapt to the new trends with bright and attractive colors. They reach the perfect balance between design and robustness under two unexpected collections: Brass and Titanium.

Undermount

Flush mount

Top mount

### A unique contemporary touch to your kitchen that offers:

- **Top quality finish.** Thanks to PVD treatment, physical vapor deposition, the natural hardness of stainless steel is increased, allowing an easy maintenance and cleaning. The color of the material is obtained by the evaporation of the metal that adheres to the stainless steel surface, creating a layer in color.
- **Perfect combinations.** The new colors incorporate a wide variety of kitchen taps to get the perfect ambiance with a guaranteed design.
- **A touch of distinction and class for your kitchen.** Just decide which one suits you better. This sink is recognized by its flexible installation: top, flush or undermount installation.
- **Details that make the difference.** The new SQ Valve is designed to cover the waste with its square-shaped decorative lid, maintaining the elegance of your sink.
- **Bowls with a depth of 20 cm.**

# PureClean, Extra hygiene and cleanliness with the new waterproof treatment

Our new PureClean treatment gives you a clean and dry surface, preventing the build up of bacteria in your sink. In addition to the antiseptic benefit of stainless steel, with this coating, lime, dirt, and all the particles that previously remained in the sink can be drawn away, giving you a cleaner and more hygienic product.

## Anti-fingerprint, an impeccable result.

With the premium SofTexture finish that provides an anti-fingerprint surface, with a matte look that fits perfectly with the latest trends in kitchen design.

## Design, a touch of sophistication through a cleaner and modern design.

Its R515 radius makes it easy to clean and drain the water. The decorative elements elegantly cover the base of the sink. Greater capacity with a depth of 20cm.

# Diamond Series, the jewel of the kitchen

Diamond sinks are the best solution to combine with the rest of Teka glass domestic appliances.

## Discover all the new possibilities that Diamond Series offers you:

- Black or white, one bowl, two bowls, one bowl and drainer... what is your choice?
- Different shapes and sizes available to choose the best sink that suits your style.
- With the same quality as a hob, the safety tempered glass is resistant to impacts, high temperatures and temperature changes.
- Diamonds Series are born with elegant and pure lines that offer a modern design. The straight lines aligned with the new automatic square-shaped SQ valve add personality to your kitchen.
- Without forgetting the tranquility offered by the Lifetime warranty and the new SilentSmart system.

# FlexLinea, a series with multiple possibilities

FlexLinea sinks offer distinction  
and versatility at all levels.

## FlexLinea, a series of sinks that satisfies all tastes

Flexibility is one of the main priorities for Teka, that's why this series has been developed.

It offers a wide variety of different sink compositions in different sizes, all of them with overflow and squared waste, to offer a look according to current trends, along with the easy-cleaning radius 15.

A sink you can install in all kind of countertops thanks to its triple mount installation option: undermount, top mount or flush mount.

All the series comes with lifetime warranty and SilentSmart system which reduces water dripping sound by 50% .

They are the best of their kind, the integrated manufacturing process stands for environmentally friendly and efficient production.

Enjoy the peacefulness offered by the lifetime warranty and the new SilentSmart system.

# Zenit Series, multifunction workstation

Zenit Series are distinguished by their versatility, and, above all, because they bring order in your kitchen.

## More than just a sink

Zenit is not simply another series of sinks. It is a food preparation area with ergonomic accessories perfect to cut, wash, cook, serve, and... enjoy! Its new square-shaped SQ valve combines with the attractive straight lines that bring personality and design to your kitchen, with a professional look and the peace of mind offered by the lifetime guarantee and the new SilentSmart system.

## Zenit Cooking Set

Teka has developed an exclusive cooking set that includes:

- 3 ceramic dishes of different sizes suitable for ovens, microwaves and dishwashers.
- Bamboo chopping board.
- Set of silicone lids that allow you to preserve food.
- The square-designed inox soap dispenser. An inox colander that stands on the bowl rim.
- A popup waste match perfectly with Teka sinks.

# Tegranite+, high quality

Teka Tegrinite+ sinks have evolved into a work area for kitchen lovers that look for innovation, practicality and functionality in the kitchen.

**Stone, Forsquare** and **Square** are the series for our new Tegrinite+ products. They were made with high quality Quartz, a material on the rise. 80% Quartz combined with acrylic resins to obtain a hardened material very resistant to thermal shocks, impacts and dirt. In addition, it is available in a wide range of colors. Quality and color... you can choose!

- **Scratch-proof surface:** high resistance surface to high temperatures and violent shocks.
- **Color intensity:** Excellent UV resistance and long color durability. Its specific method in coloring granite-particles provides higher resistance against decoloring.
- **Hygiene:** The material is non-porous, its surface is very easy to clean and leaves no place for bacteria.
- **Food safe:** Additionally, Tegrinite+ have an anti-bacterial protection enriched by silver ions which reject bacterial microorganisms.
- **Easy to clean:** Tegrinite+ features an odorless and stain-resistant finish. Cleaning up couldn't be any easier or faster!
- **High-resistant packaging** to minimize breakage. The sink is suspended and fully protected inside a twin double-box, creating a safety perimeter to avoid impacts.

Teka only endorses sinks made of innovative materials, that have great durability and are easy to clean.

# Universe, unique personality

The new Universe series was born with details in mind, offering the best solution with a unique and avant-garde design. It stands out for its variety, functionality and the beauty of its surface.

**Wide variety of solutions for your kitchen:** the new Universe series offers a range of compositions, sizes and finishes to choose the sink that best suits your lifestyle.

**Greater capacity** for utensils with buckets up to 195 mm deep.

  
**LIFETIME**  
WARRANTY

Valid for all stainless steel sinks. See conditions at teka.com

# StarBright, comfort and fashion together

The new series of StarBright sinks offers a timeless style to your kitchen, adapting easily to your space thanks to its functional and contemporary design.

## Flexibility in your kitchen

Deciding whether to place the drainer on the right or left will no longer be a problem - you can choose where to locate the drainer for your sink thanks to the different compositions and sizes offered by this new range. In addition, because of its design, water flows away easily, meaning the sink's condition will be better looked after and it will last for much longer.

**LIFETIME  
WARRANTY**

Valid for all stainless steel sinks. See conditions at teka.com

# Stainless Steel finishes, a long time durability

As experts in the work of stainless steel, you can choose your sink between these finishes.

**Polished:** an elegant finish that can be found in a large number of Teka sinks. The steel is subjected to various processes of both manual and mechanical polishing, obtaining a product with a lasting shine and easy cleaning. A sink that is impervious to water stains and calcium deposits.

**Natural:** deep drawing process produces an uniform pattern of satin finish lines on the surface and a natural transition: from the initial brightness of sink's top to the matt finish of the bowl where stainless steel has been stretched to its limits.

**Micro-textured:** those with a rough surface in high relief on the surface of the sink that combines perfectly with the aluminized finishes of the kitchen.

# Customizable sinks, different compositions in a single model

Our experience allows us to offer a wide range of compositions in our products, different alternatives to offer you a sink with everything you need to make household tasks easier.

## Reversible

Sinks with two installation versions, right or left. Thanks to the symmetry of the product, choose the position that suits you better.

## Disposition

Choose the number of buckets for your new sink, with or without a drainer.

## Automatic

A practical system that takes care of drainage through a button on the surface of the sink, allowing the container to be emptied without contact with hot water, detergent or small food residues that accumulate in the bucket. It also makes it easy to close the drain or fill the container with water.

## Material

In addition to stainless steel, you will find other options such as glass and granite.

Stainless Steel

Glass

Granite

## Waste

Waste is trapped by 3 1/2" or 1 1/2" baskets that trap food particles left over from washing or cleaning vegetables or fruits, preventing their entry into the sewer system.

## Accessories

They include the necessary accessories to install the sink in an easy and simple way. You can add other accessories such as strainers, soap dispenser, cutting boards, etc.

# Teka sinks, maximum installation flexibility

When choosing a sink, it is necessary to consider the style of kitchen, and what can be more functionally comfortable.

## Undermount

A popular option to install with stone, granite and modern composite materials. This sink is mounted and caulked from underneath using the special clips provided. Undermounting is very easy to clean, and prevents dirt from getting stuck around or below the rim, the countertop is completely smooth and the sink looks elegant and practical. The sink is absolutely waterproof!

## Top mount

A slimmer rim grants for an accurate positioning of the sink on your countertop. It is suitable for countertops of any material, and it is recommended especially for wood or laminates. Its small rim prevents water spilling onto the countertop.

## Flush mount

Sink and countertop become one solid unit, free of awkward edges and corners. The rim of the bowl is milled into the countertop, the cut-out must be very accurate. The totally seamless working area is also aesthetically pleasing and easy-to-clean. Ideal for natural materials like stone where milling is not a problem.

## Inset mount

The most traditional method of installation. Simply insert from above into a prepared cut-out, and the rim of the sink sits on the work surface. Teka drop-in sinks can be mounted on virtually any worktop. The sink is fastened to the worktop from underneath, with no screws or bolts showing.

## Lay on

Teka lay-on sinks are only superimposed, do not need, or use clips.

The stainless steel of the sink surrounds the edge of the countertop. Lay-on sinks can be delivered with wood supports at the sides (below the rim) to aid installation while providing structural reinforcement.

# Tekaway, Plug & Play

At Teka we care about offering you different solutions for all the needs that arise in your kitchen. As well as taking care of the design and quality of our sinks, we seek to go one step further: to offer a quick, easy and accessible solution.

Tekaway is a kit consisting of the sink, the tap, and accessories such as the soap dispenser, the strainer and the siphons, all in one place.
