YOUR EVERYDAY COOKING NEEDS

Cooking fast and easy without saying goodbye to
that unique taste of our traditional recipes.

Teka microwaves offer countless and intuitive
functions with an exclusive design. Our
microwaves style fits perfectly with our ovens and
compacts, creating harmony in every kitchen. Make
your kitchen a piece of art.

Cooking meals to share **was never so fast and easy**

Ceramic base

Don't get another hot-but-cold dish thanks to our homogeneous heat system. Waves distribution comes from the lower ceramic base with no need to use turntable plates.

Our microwaves have wide cooking surfaces to use bigger plates, and a completely flat cavity, easier to clean and to reach any part of it where food stains may remain. Great efficiency comes included too.

Crunch plate

You can do a potato omelette without turning it upside down. Cook a quiche or even do some crunchy French fries. You can have crispy pizzas thanks to the plate, reaching very high temperatures to turn the borders golden brown and crusty.

Memory

With our microwaves you can select different power memories and heating times so you can repeat your favourite recipes as many times as you wish.

Easy installation

Frontal trim kit is included in the microwave for an easy installation. The frame is already fixed to the microwave oven instead of the cabinet, so the assembly process is faster. Thanks to this, you can get your new microwave ready in just 5 minutes and using only 4 screws.
