Teka Group belongs to the German Heritage B holding, being the consumption section specialist in kitchen and bath household appliances. Teka Group comprehends different worldwide leading brands, such as Teka, Küppersbusch, Intra, Mofem or Thor. The group, with more than 140 years of history, has become an international example of household appliances and sanitary manufacturing. Teka brand is one of the most important European manufacturer of stainless steel sinks, built-in kitchen appliances, and bath solutions. As of today, Teka owns 15 factories and 4,000 workers around the world, with presence in more than 120 countries in five continents.
The kitchen is the heart of your home. In Teka, we design appliances to be the soul of your kitchen. Because it is here where life happens, where some of the best moments of our lives take place.

The kitchen is more for us than just a place where meals are made. It is a place to laugh, to dream, to contribute, to talk, to make decisions, to share news, to make life plans and, in the end, a place to live unforgettable moments. For all these reasons, we design and manufacture appliances to bring solutions and real innovation to the kitchen, solutions that fit with your lifestyle and in harmony with your home. Every day we work to better understand your needs and bring new solutions to help you out by finding new possibilities in the kitchen. Our trademark, born in Germany, relies on quality, technology and innovation. Teka products are known worldwide for their reliability, efficiency and precision. Today, after almost 100 years of history, Teka keeps working exhaustively to give all of its products the best functionalities and design to reach excellence in every step. Our values, deeply rooted in our company, are clear: Honesty, Generosity and Originality.

This means we work for you and we are always by your side, helping you to solve your everyday problems with world class quality solutions. Customer satisfaction is our main concern. We have strived from our very beginning towards best quality products, the most modern and original designs, and the best innovations at a fair price.
Cook your way to life
Creating meaningful moments
Honesty
We are on your side

We connect with our customers, with a responsible, clear and transparent dialogue. Teka is close to you, understands your needs and enables you to discover new possibilities when in your kitchen.

Generosity
We do more

We focus on the genuine and essential: our aim is to transform the functional into humans. That’s why we care about providing outstanding technology, innovation and original design, at fair prices. To combine home stories with our heritage of superiors.

Originality
A relevant alternative

We awaken emotions and preference, thanks to our singular way of doing things. Our goal is to connect with people by enabling experiences that go beyond product features and innovation. For us, inspiration is the right path towards becoming our customer.
Wherever a customer needs us, we deliver solutions.
1. **PARIS, FRANCE**

2. **EL CAIRO, EGYPT**

The Pearl of Qatar. Located in Doha, The Pearl is an artificial archipelago that covers almost four million square meters, with 15,000 apartments and a little Venice inside the complex.

DUBAI, UAE
Ocean Heights. Residential skyscraper of 310 meters high and 83 floors, located in Dubai Marina.
11  MADRID, SPAIN

12  ABU DABHI, UAE
Millenium Bab Al Qsar Hotel. Five stars hotel located in front of the Emirates Palace.

13  LONDON, UK
Emirates Stadium. Arsenal FC Football Stadium

14  DUBAI, UAE
Princess Tower. Residential building of 414 meters high and 101 floors. It’s the second tallest residential building in the world.
Based on you
We work to make your life easier, and to design products to be the perfect complement for your kitchen.

As we truly believe that the kitchen is the heart of our homes and our lives, we create products to be in harmony with your lifestyle. To help you choose and know which product best suits to your style, we have created three different lifestyle product categories, to have an option that suits you perfectly. All our products are classified by these three lifestyles, to facilitate the search and comparison of products.

**MAESTRO**

The products of the MAESTRO range are designed for the most demanding ones. For those in love with the kitchen who want to enjoy the latest innovations, and who enjoy haute cuisine in their home. With this range, you will get the most out of your gastronomic skills, and you will have at your disposal the best options for your appliances.

If you are looking for the most powerful induction hob, the oven with more features & possibilities, or the quietest hood on the market, this is your range.

**TOTAL**

The TOTAL range is made for those who love to cook and do not want to give up having the best options at their fingertips.

An option designed for those who want the best results at the minimum consumption. People who care about the environment so they choose eco appliances.

**EASY**

The EASY range is designed for those looking for functional appliances, with good performance and at a fair price. Simple but smart solutions affordable for everyone.
Design is one of the most important characteristics in every product we make. We understand this design as an element that adds style, functionality and beauty to your kitchen. The essence of our brand is to work on the Infinity Design, which we apply to every product to get a modern, minimalist and functional style. Lines and shapes combine with the rest of elements in the kitchen.
Timeless Design
Through the brand Teka we have been present in millions of homes for more than 75 years.

During this period, we have lived countless trends, fashions and styles in kitchens around the world. In addition, the quality and durability of our products make them present in homes for many years, so our designers work to anticipate trends and create timeless designs that work in your kitchen.
Design and sophistication
Pure lines and essential forms
Comfort and serenity
In this edition are reflected objects and materials that have marked the big cities for the past 100 years. From the urban steam to London’s iconic bricks, passing through stone pavements and the longest city rivers. For the first time, color combinations are possible in the main kitchen elements: oven, hood, induction hob, gas hob, microwave, coffee machine, compact, refrigerator, sinks and taps.

Urban Colors Edition has been created inspired by urban iconic elements from the biggest capitals of the world.

Choose just one color or combine them your way
A collection inspired by the night reflection of the great urban rivers, like the Tiber, Seine, the Thames, Danube or Rhin. Dark tones with an elegant finish, that mimic with the rest of your kitchen, offering a discreet, modern and unique result.

**NIGHT RIVER BLACK**

A special and distinctive color, inspired by the brick originating in the streets of London. Brown tones for the riskiest ones and for those who want to feel the freedom and the authenticity of the British capital in their kitchen.

**STONE GREY**

Stone grey have born from the roads of the European capitals. Cobbled paths with hundreds of years behind that combined with modern elements. This collection is a reference of design and architecture, a cosmopolitan and exclusive tone for your kitchen.

**STEAM GREY**

Steam is an unmistakable element in our culture. Generated in old ships and trains and present nowadays in New York or Chicago streets. An original color, which moves away from a classic line, creating harmony in your kitchen.

**WHITE MARBLE**

Formed by the tone of the purest and most exclusive element: marble. Present in our civilization for millennia, existing in some of the most important pieces of art in the history of mankind, yesterday and today. From the Parthenon to the Arc de Triomphe. From the Taj Mahal to the Duomo. From the Capitol to the Colosseum. A color that fills your kitchen with purity and beauty.
Metallic Edition
Metallic edition adapts to the new trends with bright and attractive colors. The harmony of the color blends into a unique and pure space purity. Metallic edition reaches the perfect balance between design and robustness under two unexpected collections: Brass Collection and Titanium Collection.

The Collections offer an avant-garde design based on pure lines and PVD coatings. A unique contemporary touch to your kitchen.
Country Style Edition

Country Style Edition is here, a collection combining rustic style design with the ultimate features in the kitchen.
Warm colors and curved shapes, with rugged interior design as a symbol of rustic and modern styles coexisting together, ready for those who look for rustic design but also for those who want the best features in the kitchen.

Faster and more efficient devices designed for your comfort to be the center of your kitchen.

These products were created to blend in with a countryside kitchen style, perfectly integrated with the warmth of wood, strength of metal or stone.

An edition designed to keep the warm and cozy countryside kitchen style to conform a welcoming room to enjoy the big moments.
The kitchen is where life happens

OVENS
Cooking the perfect steak needs very high temperatures. The Powerful SteakGrill can reach up to 700ºC and combined with the cast iron special grid you will cook a high-quality restaurant steak.

With the SteakMaster practice and experience is not necessary. Just choose the meat cut and the oven will do the rest. Thanks to 20 automatic programs, the oven will follow every single step, even keeping the steak at room temperature.

There is a manual control for cooking experts to use just the directions you want the oven to follow, at your service.
The **iOven**

Best results with just **one touch**

The ultimate technology in ovens. An exclusive design with **all the latest features**:

- **Cooking assistant: 50 recipes**
- **Full touch control**
- **MeatProbe**
- **DualClaen cleaning system: Pyrolytic + HydroClean**
- **The Steam Box**
- **Full extension telescopic guides for a 100% extraction**
A full touch control color display design creating the most innovative control.
Eat healthy without giving up tasty food

The SteamBox

The SteamBox turns your oven into a steam one. Your food will keep all nutrients, vitamins and minerals without any oil, preserving flavour, texture and original aroma. With a wide range of accessories feel free to cook juicy food on individual trays or big pieces of meat on the grid. You can cook with water or even wine for a tasty touch but always with the healthiest results.
Smell of fresh baked cookies, everyone of them crunchy and baked right as it should. Multifunction SurroundTemp ovens guarantee an evenly distribution of the heat, even cooking at different levels. Get a surrounding heat effect in your dishes with the extra back resistance.

Uniform cooking

Well-done recipes

MeatProbe

Precise cooking point from the inside of every piece of food. You will get the right texture you are looking for in your dishes through a complete control of the cooking temperature, so you can easily get the most of your recipes. Perfect for meat, poultry and fish.
Feel the comfort at home

Full Extension Telescopic Guide

More robust and smoother running. Full precision and total extraction with the new telescopic guides. 100% of the tray is extracted make easier the recipe access.
A+ Energy Class

We take care of your recipes to be perfect but also want you to save energy and money. A+ energy rating with an energy saving up to 20% compared with A class. May all your wishes come true.

Minimum consumption cooking
Find more time for incredible moments

DualClean

Pyrolysis or steam cleaning. Teka DualClean models have everything you need to clean your oven. For a daily routine, Hydroclean system, a helping hand for a fast and efficient cleaning with minimum energy consumption. If your last Sunday family meal with a roast beef was a success and you do need a deep cleaning, you can choose among three different pyrolysis levels. Reduce to ashes the dirt in your oven with just one touch. Cleaning an oven never was so easy.

Pyrolysis

The oven heats up to a very high temperature (almost 500°C), leaving only a thin layer of ash that can be easily wiped with a cloth once the oven is cooled. Forget about spending time with unhealthy products to keep the oven clean and ready for every use.
One of our goals is safety and our ovens can have up to 4 glasses on the door (CoolTouch system). And yes, we also can figure out how hard can be to clean a grease stain in the third glass. So we have created an easy access system. Just push the side of the door panel and you will find the way into each glass for a complete cleaning.

**EasyClean system**

When the water reaches high temperatures (steam), softens the grease adhered to the walls of the oven, and when it cools down allows to clean the oven easily, without effort. 90ºc + 4 mint heating + 20' cooling down PRO: Automatic function ECO: Manual function.

**HydroClean**
Greatest safety in your kitchen

Cool Touch System®

Full glass door with up to 4 glass panels to keep the outside temperature to a minimum. You can even touch the door because Teka goes beyond the legal requirement with lower temperatures.
Safety and convenience

SoftClose

Say goodbye to annoying noises thanks to the soft open and close door of the oven. An extra of durability and security (your fingers will be happy about it too).

TOTAL HSF 924 G

- Multifunction gas oven with electric grill
- B Energy class
- Capacity Gross/Net: 88/69 litres
- Black Knob timer with stop programmer
- Children safety block
- Double glazed door
- Full glass inner door
- Automatic gas oven ignition
- Deep tray and cooking grid
- Tangential ventilation

MAESTRO HLF 924 G

- Stainless steel with anti-fingerprint finish
- 5 cooking functions
- Capacity: 75 L (26 p³)
- Front controls
- Mechanical Minute: 120 minutes
- Electric grill: 1,900 W
- Triple glass door
- Forced tangential ventilation
- Vacuum gas evacuation system
- Thermocouple safety integrated in the burner
- Ignition integrated in the burner and operated by the control
- Gas burner: 1 burner: 4,000 W
- Deep tray special for roasts

**TOTAL HGS 750 I**
- Stainless steel with anti-fingerprint finish
- 5 cooking functions
- Capacity: 56 / 45L (net / gross)
- Front controls
- Mechanical Minute: 120 minutes
- Electric grill: 1,400 W
- Double glazed door
- Tangential ventilation
- Thermocouple safety integrated in the burner
- Ignition integrated in the burner and operated by the control
- Gas burner: 1 burner: 2,400 W (8,189 BTU)
- Crystal Clean® interior enamel
- Chrome guides with five cooking heights
- Chrome grille
- Deep tray with Crystal Clean® enamel, especially for roasts
TOTAL HGS 750 R

- Stainless steel with anti-fingerprint
- 5 cooking functions
- Capacity: 56 / 45L (net / gross)
- Front controls
- Mechanical Minute: 120 minutes
- Electric grill: 1400 W
- Double glazed door
- Tangential ventilation
- Thermocouple safety integrated in the burner
- Ignition integrated in the burner and operated by the control
- Gas burner: 1 burner: 2400 W (8189 BTU)
- Crystal Clean® interior enamel
- Chrome guides with five cooking heights
- Chrome grille
- Deep tray especial for roasts

EASY FGE 724

- Gas oven with electric grill
- Energy class: B
- Capacity Gross/Net: 65/57 litres
- Mechanical control knobs
- Adjustable thermostat
- Safety device
- Catalytic panels inner walls
- Deep tray and cooking grid
- Tangential ventilation

EASY FGA 740

- Gas oven
- 4 cooking functions
- Capacity: 59 liters
- Stainless steel front with anti-fingerprint
- Electronic start
- Resistance and temperature selectors
- Gratin electric grill and Rotisserie grill
- Interior walls with catalytic self cleaning
- Evacuation system with forced ventilation
- 5-level chrome guides with Antivuelco® system
- Glazed interior
- Extra large roasting pan
- Double glass door system

The kitchen is where small things **become essential**

**COMPACTS**
Infinite possibilities for limited space

May all your wishes come true

Smallest details are usually very important, and so it happens with Teka compacts in your kitchen. Not only because of an amazing style and design, but also thanks to their many features. Countless possibilities, infinite advantages with a compact size that is huge in performance. Teka combines smart solutions in hardly 45 centimetres. You can use it as a regular oven or a microwave, and it has temperature functions to suit all your needs as the chef you are at home.
All the functions of a regular oven in just 60 centimetres. Microwaves of 45 centimetres, coffee machines, steamers or even combi ovens with microwave features to find the best combination in your kitchen.
**Coffe Machine**

*Coffee made to impress*

Share unique moments around a cup of exquisite espresso or cappuccino. Our automatic coffee machine adds an exclusive touch of personality and refinement, while amplifying the aromas and flavours of your favourite blends. Choose among built-in capsule coffee machines or with coffee grinder. Because great conversations start with delicious coffee.

**Vacuum sealer**

*Freshness in your food*

Keep the flavour and nutrients longer. With vacuum packaging we remove air from inside to create a barrier for oxygen and humidity. Taking care of yourself feels good. Different combinations are possible with the compact range. The plate warmer in white or black glass is the perfect match for your compact oven or microwave.
## Compacts

The kitchen is where small things become essential.

Cooking is **believing**

MICROWAVES
Design and harmony to create the perfect cooking environment at home

Cooking fast and easy without saying goodbye to that unique taste of our traditional recipes. Teka microwaves offer countless and intuitive functions with an exclusive design. Our microwaves style fits perfectly with our ovens and compacts, creating harmony in every kitchen. Shapes, materials and colours are carefully designed to create wellness in your home. Make a piece of art of your kitchen.
Creating unforgettable moments is easier and faster than ever

**Easy installation**
Frontal trim kit is included in the microwave for an Easy installation. The frame is already fixed to the microwave oven instead of the cabinet, so the assembly process is faster and we can get our new microwave ready in just 5 minutes and using 4 screws.

**Memorize your favourite recipes**
With Teka microwave ovens you can select different power memories and heating times so you can repeat your favourite recipes as many times as you wish.
Ceramic base

*No boundaries in your kitchen*

Your cooking will never have boundaries again. Teka microwaves bring you wide cooking surfaces to use bigger plates. You won't have to get another hot-but-cold dish again from the microwave thanks to our homogeneous heat system. Waves distribution comes from the lower ceramic part of the appliance and there is no need to use turntable plates. Microwave is completely flat inside so it is easier to clean and to reach any part of it where food stains may remain. We have as well an excellent efficiency.

Crunch plate

*Real crispy microwave pizza*

Crunch plate will give us the chance to cook easy and fast. You can do a potato omelette without turn it upside down, cook a quiche or even do some crunchy French fries. You can even have crispy pizzas thanks to the plate, reaching very high temperatures to turn the borders golden brown and crusty.
Microwaves
Cooking is believing.

Teka *adds soul* to your kitchen

**HOBS**
iKnob

Feel the power of absolute control. An induction hob unique in every sense thanks to the exclusive design. Power and precision in just one control. The control of the hobs works with the removable knob with an extremely soft touch.

Satisfaction of complete control
Higher level of **precision**

**MultiSlider**

Independent and direct control of each part of the hob to reach a higher precision level. Slide your finger or press the power you need. You will never be wrong with your recipes thanks to the new touch control slider.
DirectFunctions

Temperature control by sensors avoids oil can reach excessively high temperatures. We take care of you through precision, thanks to the 8 intuitive functions.

Grilling 200°C
Ready to cook red meat and vegetables recipes at high temperature. Choose the best company to share your piece of art with and... bon appétit!

Deep Frying 180°C
The best program for deep frying. High precision to keep from high-temperature toxic substances. Healthy kitchen, enjoy safely your recipes.

Simmering 90°C
Perfect for your slow-cooked recipes. If you love stews and soups, this is the right program for you.

Melting 48°C
You can melt butter, chocolate or sugar with no fear of burning them.

Pan Frying 190°C
So many uses for just one program. Perfect to cook delicate food like fish, chicken, eggs and pancakes at perfect temperature.

Boiling 100°C
You can bring to boil 1 liter of water in 3 minutes. Speed and efficiency in your dishes and your kitchen.

Keep Warm 60°C
Keep your recipes warm until you serve them on the table. Nobody likes cold food, don’t you think?

Confit 80°C
The perfect temperature to create homemade confit at low and constant temperature.
Old traditional cooking with the newest technology

ExactFlame

Trying to guess the power of the flame is just part of the past. With ExactFlame you can easily control flame intensity with the highest precision. You can choose a range of power from 1 to 9, ready for any kind of cooking you need at any time.
Cooking without limits

Full Flex DirectSense induction
Cook with no limits thanks to its FullFlex technology using the whole cooking surface. Use your imagination and cook with recipients of any size, your recipes won’t have limits.

DirectSense control the Temperature in the by sensors avoids oil can reach excessively high temperatures. Use your imagination and cook with recipients of any size at the perfect temperature without limits.

Space induction
Flex area is designed to use every single corner of the cooking area with different shape pans. Perfect for grids, grill, TeppanYaki or rectangular recipients.
Flex induction with SlideCooking

Just move the pan from place to place and SlideCooking feature will do the rest. The hob automatically changes the power for maximum convenience, so you will cook over a high flame (power 9), at the front part of the hob, medium (power 5) at the centre and you will keep your dishes warm at the bottom (power 3). A giant leap for comfort cooking. The flex area is perfect for grids, TeppanYaki grill, rectangular recipients or anything you can imagine. With a unique and useful design, each pan has the right cooking zone.
Go **one step further** with your recipes...

### SuperZone XL

Cooking for all the family or create that big paella you were talking about with friends weeks ago come to life. With Paella zone XXL, 320mm, everybody is welcome at home to enjoy meals. Cook with big pans for great moments.

### Schott

We know you choose Teka because you choose quality. That is why we work hard everyday to make that claim our life philosophy, where durability and resistance are definitely important features. We make our highest demands come true with Schott glasses, a market leader known for quality.
Find the right cooking temperature for the best results can be a challenge. Thanks to temperature sensors we can reach a uniform and constant cooking temperature. A smart way to give you a helping hand in the kitchen.

... and become a real chef
Inductions hobs

- Very fast
- Very easy to clean
- Direct heating
- Safety - Not burn on the surface
Vitroceramic hobs

- More cost effective
- Easy bowl detection

Gas hobs

- Traditional cooking
- Direct control
- Fast
- Glass or stainless Steel surface
EX Gas hobs

Cast iron grids designed to use the whole surface. Made of iron and gathered so we can easily move recipients from one place to another. With high efficiency SABAF burners for a real energy saving up to 20% compared with traditional stoves, thanks to an impressive design.
Gas + induction

together in the
same space

Take the advantages of two very different cooking technologies at the same time. Traditional mud kitchenware or the latest pans, is up to you. Cook your traditional mud pot stews or cooking easy and fast with the induction technology.

The Best of Both Worlds
## Hobs
Teka adds soul to your kitchen.

It’s not what you cook, but how you cook it

FREE STANDING COOKERS
TOTAL FS3R S965GG XL

- Stainless steel free standing cooker
- Capacity: 142 litres
- 3 cooking functions
- Minute minder
- Cast iron grids
- Wok support
- Autoignition
- Autolock safety device
- High efficiency burners
- 1 triple ring burner 4 Kw
- 1 fast ring burner 3 kW
- 2 semi-fast burners 1.75 kW
- 1 auxiliary burner 1 kW
- 1 oven burner 4.5 kW
- 1 grill burner 2 kW
- Inner light
- Side catalytic panels
- Chromed supports with 5 cooking levels
- 2 Deep trays
- 1 reinforced grid
- Gas typology: LPG (butane/propane), natural

Kitchen goes way beyond just preparing food
Our goal is to create the best environment for you at home. Our hoods will preserve freshness, silence and harmony for your recipes in every corner of your kitchen saving money at the same time.

Feel the peace and quietness in your kitchen too. Feel the satisfaction of sharing amazing moments there, with the pleasure of an amazing design and the essence of your home. The hood is not just a noisy part of your kitchen, but something that keeps the atmosphere clean and fresh, creating harmony and a peaceful environment to cook or to share a piece of cake. Design is a priority with our hoods, that is why Teka creates exclusive and functional designs that goes along with the look of the rest of the appliances.
Find out what innovation can make you feel

Quadro

Feel the quiteness in your kitchen

Quadro hood shows an unique vertical design to impress even the most demanding chefs. The hood is made of black glass and anodized aluminium with high durability. The perfect combination also has a white display and an elegant LED lighting distributed all along the cooking area. Because your expectations deserves only the best.
EcoPower Motor

*Silence, durability and consumption*

EcoPower engines have both efficiency and productivity. Silent EcoPower model, A++ energy classification, bring us the chance to save money (75% compared with a D class), and we can also enjoy a quiet atmosphere with just 37dB anytime we use it.

Rim extraction

*Keeps your kitchen fresh*

A small slot is showed in the body of the hood and generates high pressure for a better and faster air extraction. Air can not go further than the cooking area thanks to the speed and efficiency of the hood. Cook free of odours and fumes.
New hoods made thinking of you and your future. Available in any kind of shape and size, eco-friendly but easy on your wallet, these hoods fits in your kitchen and in your life.
PERFECT-A4

The perfect balance between efficiency, design and productivity. An incomparable hood thanks to a full A energy label: A class in energy efficiency, fluidynamic, lightning and also in grease filtering. The hood can extract up to 800 m³ and remove 98% of the grease with its 12 layers filters. And from the hood to the dishwasher, because the stainless steel filters are designed to be washable, so forget about how to keep them clean.

A Energy efficiency

Energy efficiency index (EEI) It is calculated from annual consumption and from energy standard consumption.

A Fluid Dynamic Efficiency

Efficiency of the extraction system, affected by different variables like the shape of the hoods.

A Lighting efficiency class

Indicates the efficiency with which the hood is able to illuminate the cooker hob.

A Grease filtering efficiency class

Indicates the efficiency with which the hood filters grease generated through cooking process.
Just calculate your kitchen’s volume. For example 12m² with 2.5m height. That’s how we get the total volume:

\[12\text{m}^2 \times 2.5\text{m} = 30\text{m}^3\]

Furniture has to be taken into consideration. Approx. 40%. Final total volume: 18m³. On the basis of the air is renovated 12 times per hour:

\[18\text{m}^3 \times 12\text{ renovations} = 216\text{m}^3/\text{h}\]

In a 12m² kitchen we need a hood with 216m³/h for an effective extraction.

What hood does my kitchen need?
LED light bar

Led light has a very positive effect for the environment. It is called the ecologic lighting due to the lack of mercury or any other hazardous substances that can contribute to the greenhouse effect and increase global warming. LED had other many advantages as low energy consumption, so we can save energy, or the fact that they don’t need a warm-up period and they don’t produce heat. But LED bar will perfectly light your cooking zone so you won’t miss a single thing of your recipes.

All sizes and shapes for every taste and need

Round and rectangular shapes, with glass or steel finish and with infinite benefits. And everything with an emblematic design to create the environment you are looking for in your kitchen.
Hoods
Kitchen goes way beyond just preparing food.

DISHWASHERS
Eating, laughing, sharing, feeling

Sitting around a table with a homemade meal is one of the simplest but priceless moments you can live with your family and friends. And we just want to help you to make it easier, saving your time for what really matters: the time you spend with the ones you love.
Family meals together, talking about your day after lunch, preparing dinner for those friends you have not seen in ages.

The kitchen has a very important role in our lives. This is the place where many meaningful moments of your daily life happen. We know it and we do want you to focus in what really matters. So forget about doing the dishes. Teka dishwashers works with latest technology to keep your plates and silverware sparkling clean but also to save your money.

With a wide range of dishwashers whether you like built-in or not, from 60 to 45cm, white or stainless steel. All the possible options so you can choose what you really need.
Third cutlery tray
With an exclusive third tray to get extra flexibility. You can put it in different positions to load anything you may need, so you can get better cleaning results.

BeamOnFloor
Our dishwashers are so quiet you don’t even realize when they are working. We have added a blue light to our integrated dishwasher, where the front panel is hidden, so you can know when they are washing or drying without interrupt the cycle. Smart solutions for your daily life.
The fully integrated dishwashers are completely invisible behind your chosen furniture creating harmony in your kitchen. The fully integrated models are fitted with a hidden control panel at the top of the door.

Full integration creating unique designs

The fully integrated dishwashers are completely invisible behind your chosen furniture creating harmony in your kitchen. The fully integrated models are fitted with a hidden control panel at the top of the door.
Sliding door

You can install doors up to **800 mm length** without any problem with the kitchen plinth thanks to our innovating system. When the dishwasher is open, the new sliding door system lift the door without hitting the plinth. Perfect integration and harmony in your kitchen.
Save money in your energy bill!

With the latest technology you not only get the best cleaning results but you also reduce energy consumption, CO2 emissions and you take care of the whole family economy. Not bad for an appliance.

Third Sprayer

A third diffusor in the upper part of the dishwasher is added for a deep cleaning and better rinsing of the top basket.

AquaLogic

Do you know you can save water with Aqualogic? Teka dishwashers control water with an infrared sensor. The system can detect how dirty the dishes are to add more or less water.

AutoProgram

Don’t worry about choosing the right program anymore! Auto-program system choose the best temperature, washing cycles and even water needed, to find the program every washing needs and getting the best results with less water waste and more money saving.

Almost everything that matters happens in the kitchen.
The kitchen is the heart of a home

Cooking for family and friends, a table talk after a long working day, an afternoon snack with the kids. That’s how I take care of my beloved ones, putting together good times with delicious food, in the best and cosy environment. Some kitchens are so special that turn moments into unforgettable memories.
Connect with your kitchen through design

A remarkable appearance French Door design. It takes care of all the details including a touch control display with white LED illumination, the perfect combination with the unique and exclusive black glass finish.

LongLife No Frost

Keep your food perfect: goal achieved. LongLife No Frost technology keeps every compartment at the perfect moisture level thanks to the three independent cooling circuits. Your food remains fresh for longer.
IonClean technology creates negative ions that neutralise bacteria and bad smell particles. Air inside the fridge will be superb this way and always fresh and free of odours.
TempGuard Radar system controls and keeps the temperature thanks to sensors located inside. Any change is automatically fixed. Your fridge always at the real temperature your food needs.

10 years Warranty
Inverter Motor

Silence, durability and efficiency

Feel the peace at home. Less consumption and more silence with the inverter compressor. This motor produces less friction and it has a lower energy consumption, being more silence and long-lasting. We want to take care of stillness and quietness at your home, but we also want to save you money. Our refrigerators and freezers range is designed thinking about efficiency. Save more with the most advanced technology.

TempGuard

TempGuard Radar system controls and keeps the temperature thanks to sensors located inside. Any change is automatically fixed. Your fridge always at the real temperature your food needs.
VitaCare Box

From farm to table VitaCareBox drawer has a personalised moisture control to keep your fruit and vegetables always fresh, preserving all their vitamins and nutrients for longer.
From freezer to fridge in just one touch
Room enough to keep food cold or even freeze it, thanks to the compartment with adjustable temperature: from cold to frozen. You can set the temperature you want to from -18°C to 7ºC and have a complete control of your food and appliance. At your service.

Complete flexibility to store your food
With the flexirack system, just pressing a side button, you can adjust the height of the door shelf anytime you need it!

Just one Touch away from your refreshing drink
Take drinks without opening the door with just one touch. Easy access to a special compartment for drinks avoiding opening the whole refrigerator. The BarOnDoor goes beyond an intelligent design, thereby saving energy.

Feel the comfort saving money
Cold Line
Almost everything that matters happens in the kitchen.

TOTAL TS3 370

- Free standing larder
- Electronic control panel
- LED illumination
- Antibacterial gasket
- Safety glass shelves
- 4 full width balconies
- 2 FreshBox drawers
- Chromed bottle rack
- Energy Class: A+
- Climate Class: SN-T
- Total gross capacity: 415 litres
- Net capacity: 367 litres

TOTAL TGF3 270 NF

- Free standing freezer
- No Frost
- Electronic control panel
- 4* freezer
- Fast Freeze function
- Antibacterial gasket
- 7 independent compartments
- Ice cube tray
- Energy Class: A+
- Climate Class: SN-T
- Total gross capacity: 290 litres
- Net capacity: 255 litres

TOTAL TGF3 270 NF

- Free standing freezer
- No Frost
- Electronic control panel
- 4* freezer
- Fast Freeze function
- Antibacterial gasket
- 7 independent compartments
- Ice cube tray
- Energy Class: A+
- Climate Class: SN-T
- Total gross capacity: 290 litres
- Net capacity: 255 litres
**EASY TS1 130**
- Free standing tabletop larder
- Mechanical control panel
- Adjustable thermostat
- Manual defrost
- 3 glass shelves
- Reversible door
- 1 FreshBox drawer
- Energy Class: A+
- Climate Class: N-ST
- Total gross capacity: 136 litres
- Net capacity (fridge): 133 litres

**TOTAL TS1 138**
- Free standing tabletop refrigerator
- Mechanical control panel
- Adjustable thermostat
- 4* freezer
- Manual defrost
- 2 adjustable safety glass shelves
- Reversible door
- 1 FreshBox drawer
- Energy Class: A++
- Climate Class: N-ST
- Total gross capacity: 102 litres
- Net capacity: 84 + 14 litres

**EASY TS1 135**
- Free standing tabletop refrigerator
- Mechanical control panel
- 4* freezer
- Manual defrost
- 2 glass shelves
- Reversible door
- 1 FreshBox drawer
- 3 door shelves
- 1 egg container
- Ice cube tray
- Adjustable front legs
- Energy class: A++
- Climate class: N - ST
- Total gross capacity: 102 litres
- Net capacity: 84 + 14 litres
COLD LINE

**EASY TG1 80**
- Free standing tabletop freezer
- Mechanical control panel
- Adjustable thermostat
- A+ freezer
- Manual defrost
- 3 Transparent freezer drawers
- Reversible door
- Ice cube tray
- Energy Class: A+
- Climate Class: N-ST
- Total gross capacity: 94 litres
- Net capacity: 84 litres

**MAESTRO CI3 350 NF**
- Built-in Combi
- No Frost
- Electronic control panel
- Fast Freeze / Quick Cool function
- Automatic defrost
- Antibacterial system
- Safety glass shelves
- Digital Temperature Indicator
- 1 ZeroBox drawer
- Chrome bottle rack
- Optical and acoustic temperature alarm
- Sliding door installation
- Reversible doors
- Energy Class: A++
- Climate Class: SN-ST
- Total gross capacity: 275 litres
- Net capacity: 193 + 69 litres

**TOTAL CI3 330 NF**
- Built-in combi
- No Frost
- Mechanical control panel
- A+ freezer
- Automatic defrost (refrigerator)
- Safety glass shelves
- Antibacterial gasket
- Sliding door installation
- LED illumination
- Energy Class: A+
- Climate Class: SN-T
- Total gross capacity: 275 litres
- Net capacity: 193 + 69 litres

**COLOR**
- White

**EXTERNAL DIMENSIONS**
- EASY TG1 80: Height 845mm Width 553mm Depth 574mm
- MAESTRO CI3 350 NF: Height 1776mm Width 540mm Depth 545mm
- TOTAL CI3 330 NF: Height 1776mm Width 540mm Depth 545mm
TOTAL CI3 342
- Built-in Combi
- Electronic control panel
- Automatic defrost
- Adjustable thermostat
- Digital Temperature Indicator
- Fast Freeze / Quick Cool function
- AntiBacterial system
- 1 ZeroBox drawer
- Height adjustable glass trays
- Chrome bottle rack for four bottles
- Optical and acoustic temperature alarm
- Sliding door installation
- Reversible doors
- Energy Class: A+
- Climate Class: SN/ST
- Total gross capacity: 285 litres
- Net capacity: 167 + 19 + 78 litres

TOTAL TKI4 325 DD
- Built-in Combi
- Electronic control panel
- Automatic defrost
- Energy class: A++
- No Frost in the freezer
- Fast cooling function
- Big chamber (0-3 °C)
- Door alarm
- AntiBacterial coating
- Adjustable glass shelves
- Reversible door
- Adjustable feet
- Scissor hinges
- Total capacity (gross / net): 275 litres / 255 litres
  (net: fridge - 186 litres, freezer 69 litres)

TOTAL TKI4 325
- Built-in Combi
- Sliding doors
- Door-on-door door fastener (rigid)
- Hettich 3D Loops
- No frost in the freezer
- Automatic defrost in the cooling chamber
- Increased Depth 545 mm
- Electronic control panel
- Quick cooling button
- Acoustic and visual signals
- Freshness Zone 0-3 °C
- Adjustable safety glass shelves
- Adjustable shelves in the door
- 2 glass shelves in the freezer to maximize loading
- Chrome stand for 4 bottles
- Indoor LED backlight
- Freezer
- 1 compressor
- Concealed Evaporator
- Antibacterial sealant
- Energy Class: A++
- Noise Level: 38dB
- Total capacity: 275 L
COLD LINE

TOTAL TKI2 300

- Built-in larder
- Automatic defrost
- Fingerprint proof stainless steel
- 4* freezer
- Door on door installation
- Safety glass shelves
- 2 FreshBox drawers
- Egg Holder
- Energy Class: A
- Climate Class: N-T
- Total gross capacity: 532 litres
- Net capacity: 394 + 104 litres

TOTAL TGI2 200 NF

- Built-in freezer
- Full No Frost
- Electronic control panel
- 4* freezer
- No frost freezer
- Door on door installation
- Reversible door
- Energy Class: A+
- Climate Class: SN-T
- Total gross capacity: 220 litres
- Net capacity: 196 litres

TOTAL TKI3 150

- Built-in fridge
- Mechanical control panel
- Manual defrost
- Safety glass shelves
- 1 FreshBox drawer
- Sliding door installation
- Reversible door
- Energy Class: A++
- Climate Class: SN-ST
- Total gross capacity: 135 litres
- Net capacity: 126 litres

• Built-in fridge
• Mechanical control panel
• Manual defrost
• Safety glass shelves
• Door on door installation
• Reversible door
• Energy Class: A++
• Climate Class: SN-T
• Total gross capacity: 130 litres
• Net capacity: 128 litres
TOTAL TF13 130 D

- Built-under refrigerator
- Mechanical control panel
- A+ freezer
- Manual defrost
- Safety glass shelves
- Door on door installation
- Reversible door
- Energy Class: A++
- Climate Class: SN-T
- Total gross capacity: 125 litres
- Net capacity (fridge): 105 + 18 litres

TOTAL TG12 120 D

- Built-under freezer
- Electronic control panel
- A+ freezer
- 3 freezer drawers
- Door on door installation
- Reversible door
- Energy Class: A+
- Climate Class: SN-T
- Noise level: 39 dBA
- Total gross capacity: 96 litres
- Net capacity: 87 litres

MAESTRO RVI 35

- Built-in wine cooler
- Electronic control panel
- Capacity: 35 bottles
- Adjustable temperature (5-16ºC)
- 4 adjustable wooden shelves
- Metallic handle
- Reversible door
- Energy class: B
- Climate Class: SN
- Total gross volume: 135 litres

**TOTAL RV 500 B**

- Free standing wine cooler
- Electronic control panel
- Capacity: 25 bottles
- Thermoelectric cooling technology
- Adjustable temperature for red and white wines (6-18ºC)
- 5 wooden shelves
- LED illumination
- Energy class: A
- Climate Class: ST
- Total gross capacity: 169 litres

**EASY RV 250 B**

- Free standing wine cooler
- Electronic control panel
- Capacity: 50 bottles
- Thermoelectric cooling technology
- Optical Temperature alarm
- Adjustable temperature for red and white wines (5-20ºC)
- 10 wooden shelves
- LED illumination
- Energy class: A
- Climate class: N
- Total gross capacity: 97 litres

**EASY RV 51 E**

- Free standing wine cooler
- Electronic control panel
- Capacity: 51 bottles
- Adjustable temperature for red and white wines (7-16ºC)
- LED temperature alarm
- Interior Light (15w)
- 5 adjustable wooden shelves
- Energy class: B
- Climate Class: N
- Total gross capacity: 165 litres
COLD LINE

EASY RV 8

- Free standing wine cooler
- LCD digital display
- Capacity: 8 bottles
- Thermoelectric cooling technology
- Adjustable temperature for red and white wines (8-18°C)
- 2 metallic shelves
- Energy class: B
- Climate Class: SN
- Total gross capacity: 25 litres

Life is the sum of these moments that surprise us
Feel the soft and smooth touch of your clothes on the skin and enjoy the fresh smell of your laundry. Teka washing machines take the best care of your clothes and bring a unique aroma to your whole home. The smell of freshness you still can remember from every Sunday morning when you were a child. The feeling of wearing brand new clothes that were just washed for the very first time and made you feel better, protected and comfortable to face a new day. Imagine to get such a feeling every time you do your laundry.
Consumption and a lot to offer. New Inverter engines generation have less vibrations and noise and have improved durability, with an A+++ energy classification, a remarkable saving.

SoftCare Drum
The easiest way to break water resistance. Taking care of clothes in every washing, keeping the texture of your clothes and softness. The innovating Softcare design of the drum, made of dozens of small cubes, improves the gentle care of your laundry during washing, drying and spinning. Woolmark certificate is an universal quality seal to demonstrate our washers keep your clothes with most of the softness, even after many washings. Feel the freedom of washing your most delicate wool clothes.

A+++  Consumption and a lot to offer. New Inverter engines generation have less vibrations and noise and have improved durability, with an A+++ energy classification, a remarkable saving.
Find a wide range of options with the union kit ready to combine all the benefits of the spa washers with the last drying technology.

Heat pump dryer works with less temperature than ordinary dryers, for a gentle care of your laundry. There is no need to reach high temperatures to be efficient and you also save energy; good for you, good for environment.

The union kit can be used with several vertical models to take advantage of the room space. It has a removable tray to fold clothes up to 16kg and helps you out to keep order at home.
More capacity

For those who need more than ordinary capacity, like big families, large clothes, curtains or rugs. Teka has a wide range of washing machines ready for you. The new washer and dryer can wash 10 kg and dry up to 7 kg. Everything in just one appliance with many features, designed to bring harmony to your home.

My cycle

We know each person has different needs. With “my cycle” you can choose your favourite program, changing types of clothes, temperatures, speed, etc. The washing machine memorizes them and it’s done! Find the right program in the control display and feel like this appliance was designed just for you. Because we do know everyone is unique and deserves appliances designed just for them.

Delay programming

We don’t spend as much time at home as we would like to, so we need a little helper at houseworking. You can program Teka washers from 1 to 24 hours. Your laundry will be clean when you come back home from work or, if you have a night electricity plan, you can even program the washing machine during night to reduce consumption.
LAUNDRY
Life is the sum of these moments that surprise us.

- Automatic water regulation
- Delay timer: 1-24h
- 33 cm wide porthole
- Energy class: A/A

MAESTRO TKD 1610 WD

- Free standing washer-dryer
- Washing capacity: 10 kg
- Drying capacity: 7 kg
- Woolmark certification
- BLDC Inverter Motor
- 16 washing programs
- 6 drying programmes
- Electronic control panel
- Digital display LCD
- Maximum spin speed: 1600 rpm
- Special Programs Wool and baby care
- Special program: 1-hour wash + Dry
- Fast program: 15 minutes
- 32 cm wide porthole door
- Automatic water regulation
- Delay timer: 1-24h
- Balance control system
- Locking system in case of lack of water or electricity
- Foam control system
- Energy class: A/A
DRYERS

**MAESTRO SPA TKS 893 H**
- Free standing Dryer
- Heat pump condenser dryer
- Drying capacity: 8 kg
- 16 programs
- Electronic control with digital display
- Delay timer 1-24h
- 4 Power levels
- End of cycle alarm
- Humidity sensor
- Anti-crease program
- Delicate clothing program
- Cooling program
- Bi-direction rotation
- Removable filter with saturation
- Stainless steel drum
- Energy class: A++

**TOTAL TKS1 810 H**
- Free standing dryer
- Heat pump condenser dryer
- 16 programs
- Drying capacity: 8 kg

Imagining beyond the possibilities

WATER HEATERS
Teka electric water heaters are ready to cover your home needs: from 15 to 100 liters, vertical and horizontal installation, or even inside a kitchen if you choose our reduced depth kind of heaters.

Imagine the warm and comfortable feeling when you arrive home after a hard day and you run into the shower. Things definitely look better after a long and relaxing shower or even a bath, because our water heaters not only work right in time but also save energy when your family and you used them.

Products design to fit your needs
**Slim heaters**

Fit where you need them. Slim Teka heaters keep every function but need less space, ready to fit any room, like a kitchen cabinet. They also have a double hot water tank to reduce that time you usually have to wait to get hot water ready again.

**Versatility**

In Teka, we know every home is different. And so are the needs of our users. Double installation heaters can be vertical or horizontal, to fit the space you have at home.

**Electronic smart control**

The water heater incorporate an automatic and continuous temperature adjustment based on consumption habits and hot water needs.

The electronic smart models have improved the temperature control (tolerance 1º)
Durability and Quality

The stainless steel heater inside the tank has double protection to keep from corrosion and rusting for a longer life. It is also covered with a special sapphire polish for extra durability, as well as the tank, with a triple polish.

Teka electric heaters are well-known for high-quality materials. With a high-resistance tank that have even improved protection for longer durability. We do trust in our products because we do know what they are made of, and that is why we can offer a 5 year warranty for all the tanks.

27% thicker magenesium anodes to prevent corrosion of the tank. Warranty of durability and reliability.

Humidity protection

Electric Teka heaters pass the protection exam against humidity IPX4, ensuring durability even in wet environments

Overheating protection

Electric heater is protected against overheating, with an independent thermal disconnection system

Dry heating protection

When the water in the tank is below the normal level, the electric heater automatically turns off to keep from overheating.

Earth Leakage Circuit Breaker (ELCB) device

The electric heater disconnects from power supply in just 0.01 seconds, for a complete safety warranty and to prevent problems with other appliances, as refrigerators.
SMART WATER HEATERS

NEW

MAESTRO SMART EWH 100 VE-D

- Vertical installation
- SMART CONTROL
- Capacity: 100 litres
- Sapphire enamelled tank
- LED temperature indicator
- Regulation of temperature: 30º-75º
- Pressure valve > 7.5 bar
- Max. input temperature: 0.75 Mpa
- Anti Over-pressure protection
- Overheat protection
- Anti Dry-heating Protection
- Waterproof Grade: IPX4
- Rated power output: 1.500 W
- Thickness of insulation: 20 mm
- Water connection: G ½
- Average number of users: 3-5 personas
- Energy class B

- Overheat protection
- Anti Dry-heating Protection
- Waterproof Grade: IPX4
- Thickness of insolation: 20mm
- Water connection: G½
- Average number of users: 1-2/3/2-4/3-5
EASY EWH 30

- Capacity: 30 litres
- Sapphire enamelled tank
- Sapphire heating element
- Electrolytic muff
- Regulation of temperature: 30-75 ºC
- Pressure valve > 5 bar
- Max. Input temperature: 0,75Mpa
- Thermometer
- Anti Over-pressure protection
- Overheat protection
- Anti Dry-heating Protection
- Waterproof Grade: IPX4
- Rated power output 1500 W
- Thickness of insulation: 20mm
- Water connection: G½
- Average number of users: 1-2/2-3/2-4/3-5

EASY EWH 15

- Capacity: 15 litres
- Sapphire enamelled tank
- Sapphire heating element
- Regulation of temperature: 30-75 ºC
- Pressure valve > 5 bar
- Max. Input temperature: 0,75Mpa
- Thermometer
- Anti Over-pressure protection
- Overheat protection
- Anti Dry-heating Protection
- Waterproof Grade: IPX4
- Rated power output 1500 W
- Thickness of insulation: 20mm
- Water connection: G½
- Average number of users: 1

KITCHEN ACCESSORIES
**NEW**

**MAESTRO KIT VS/CP COLOR**

- Frontal Panel
- Urban Colors Edition

**COLOR**

- Black Glass
- Stone grey glass
- White Glass
- Steam grey glass
- London brick brown glass

**CHIMNEY EXTENSION 800 MM**

- Tubecovers 800 mm for decorative bells
- Superior 675/775/975 long DM WHITE
HOBS UNION KIT EFX

- Kit binding worktop.
- Exclusive design for all models EFX.

RECIRCULATION KITS SET 1/L

- Recommended kits when vent to the outside is not possible
- It incorporates anchoring supports the engine and filters
- Activated carbon filters to keep the kitchen clean environment and healthy
- Easy installation and replacement after the accumulation of particles in the filter to make it lose purification
- Available for models of decorative hoods DQ 2

RECIRCULATION KITS SET 1/S

- Free installation kit DHI hood 90 (SET 1 / S)

CHIMNEY EXTENSION 800 MM

- Tubecovers 800 mm for decorative bells
- Superior long DBB / DVT BLACK

CHIMNEY EXTENSION 800 MM

- Tubecovers 800 mm for decorative bells
- Superior long DLV / DBB / DVT / DBT INOX

CHIMNEY EXTENSION 800 MM

- Tubecovers 800 mm for decorative bells
- Superior 675/775/975 long DM INOX / DJ
KITCHEN SPARE PARTS

CHIMNEY EXTENSION 800 MM

- Tubecovers 800 mm for decorative bells
- Superior long-DQ2 INOX

CHIMNEY EXTENSION 800 MM

- Tubecovers 800 mm for decorative bells
- Superior long-DH2 / DLH / DPL / NC2 / DG3 / SLD / DPS / DSS

UPPER PIPE COVER DLV/DVT BLACK

- Tubecovers color for vertical bells
- Superior DLV / DVT BLACK

LOWER PIPE COVER DLV/DVT BLACK

- Tubecovers color for vertical bells
- Lower DLV / DVT BLACK

UPPER PIPE COVER DVT WHITE

- Tubecovers color for vertical bells
- WHITE Superior DVT

LOWER PIPE COVER DVT WHITE

- Tubecovers color for vertical bells
- WHITE lower DVT
CHARCOAL FILTER C1C

- Activated carbon filters for recirculating hood operation
- Periodic replacement is recommended when they lose purifying power
- Available for hoods: TL 7420, TL 6420, CNL 6400 and XTI (891/892)
- Rectangular model

CHARCOAL FILTER C1R

- Activated carbon filters for the operation of the hood in recirculation
- Periodic replacement is recommended when they lose cleansing power
- Available for C 6420/9420 hoods
- Rectangular model

CHARCOAL FILTER C5C

- Activated carbon filters for the operation of the hood in recirculation
- Periodic replacement is recommended when they lose cleansing power
- Available for hoods NR1 89
- Round pattern

FILTRO DE CARBÓN ACTIVO D6C

- Active carbon filters for the operation of the hood in recirculation
- Periodic replacement recommended when loss of purifying power
- Available for hoods: DVU
- Rectangular pattern

CHARCOAL FILTER CNL 1C

- Activated carbon filters for the operation of the hood in recirculation
- Periodic replacement is recommended when they lose cleansing power
- Available for CNL 6415 hoods

FILTRO DE CARBÓN ACTIVO D9C

- Active carbon filters for the operation of the hood in recirculation
- Periodic replacement recommended when loss of purifying power
- Available for hoods INTEGRA 665/965
- Rectangular pattern.
INTEGRATION PANEL DHI 90

- Active carbon filters for the operation of the hood in recirculation
- Periodic replacement recommended when loss of purifying power
- Available for hoods: DLV 985
- Rectangular pattern.

REFRIGERATOR JUNCTION KIT TS3 370/TGF3 270

- Ligation kit refrigerators TS3 370/270 TGF3

REFRIGERATOR JUNCTION KIT TS3 370/TGF3 270

- Ligation kit refrigerators TS3 370/270 TGF3

RECIRCULATION KITS SET 1/I

- MODELS HOODS:
  - CC-40

RECIRCULATION KIT SET 1/M

- MODELS HOODS:
  - CC-10, DP, DB, CMB, DBH, DBB, DVE, DVT 60/70/90, DVT 985/780/680, DVL 90, DMR 90 (SET 1/M)
  - DU 90 (SET 1/M With chimney)
  - DVT 985/785/685, DVL 985 B (SET 1/M + Adapter 61801340)

RECIRCULATION KIT SET 1/N

- MODELS HOODS:
KITCHEN SPARE PARTS

RECIRCULATION KITS SET 1/Q
- Models Hoods:
  - DPL 50

RECIRCULATION KITS SET 1/T
- Models Hoods:
  - DG3 ISLA/DSB ISLA/DH2 ISLA/DPL ISLA

CHARCOAL FILTER C2C
- For recirculation use
- Models Hoods: CS600

CHARCOAL FILTER C3R
- For recirculation use
- Models Hoods:
  - CNL-3000, CNL-9000

THE STEAM BOX
- Includes two individual trays, allowing to cook several meals at the same time
- Inner grill ideal for cooking juicy meals, intensifying its flavours
- Extra deep tray to achieve a better diffusion and distribution of the heat
- Glass lid with an outlet valve and silicone coating for steam cooking
- All the components included in the MultiCook kit can be washed in the dishwasher
**NON-STICK ALUMINIUM TRAY KIT**
- Baking sheets
- non-stick material for easy cleaning

**WISH 2-LEVEL TELESCOPIC SLIDES**
- System Removable oven guides
- Optional guides can be installed in the furnace with chrome guides or guide systems telescopic series
- Two slide rail kit

**WISH SINGLE-LEVEL TELESCOPIC SLIDES**
- System Removable oven guides
- Optional guides can be installed in the furnace with chrome guides or guide systems telescopic series
- A telescopic guide kit

**INDUCTION COOKWARE SET**
- The set of nine stainless steel parts comprises:
  - 1 Ø 24 cm pot
  - 1 Ø 20 cm pot
  - 1 Ø 16 cm pot
  - 1 pan Ø 28 cm Ø 16 cm pot 1
  - 4 lids.
  - Suitable for induction.

**DOMINO JOINT MODULAR HOB 1 UNIT**
- Kit for connecting modules with beveled glass.
- exclusive design for models: IR 4200, IRF 3200, IR 3200 and TR 3220.

**HOBS UNION KIT IZ / TZ**
- Joining Kit for countertops with front bezel.
- Exclusive design for all models: IZ and TZ.
TEKA ECO EASY 60 RECYCLING SYSTEM

- 1 container consists of 12 liter and 5 liter containers 2
- Free installation
- Furniture 45 cms

RECYCLING SYSTEM

- Formed by two containers 15 liters
- Free installation
- Galvanized steel guides (supports up to 50 kgs)
- Removable for easy cleaning
- Height 365 mm
- Furniture 45 cms

TEKA ECO 60 RECYCLING SYSTEM

- Formed by two 15 liter
- System cabinet front opening 60 cms
- Easy mounting system
- Guides galvanized steel (supports up to 50 kgs)
- 60 cms furniture
