ENERGY LABEL

The energy label for the TEKA HBB 510 model is a vertical rectangular sticker. At the top left is the European Union flag. To its right is the word "ENERG" in large blue letters, with "енергия" and "енергия" in smaller text below it. Further right are two circular icons: one with "Y IIA" and another with "IE IA". Below this header is the TEKA logo and the model number "HBB 510". The main part of the label features a vertical energy efficiency scale with five colored bars: A+++ (dark green), A++ (medium green), A+ (light green), A (yellow), B (orange), C (red-orange), and D (red). A black arrow points to the "A" bar. To the left of the scale is a small icon of a washing machine. Below the scale are two boxes: the first contains a washing machine icon and the text "76 L"; the second contains a washing machine icon and the text "0.83 kWh/cycle*", with a second line below it showing a washing machine icon and a dash followed by "kWh/cycle*". At the bottom, there is a line of small text in multiple languages: "* kWh/cycle: portier - cyklus; splyšpajusi - osti; trūkstel - objektiv - ciklus; ciklus - cikls; cikls - cyklus - cykl; ciklu - program - cyklet". The number "65/2014" is printed at the very bottom.
